# Notre Dame Returns To The Road For Weekend Series At Lake Superior

- Top-ranked Irish coming off back-to-back shutout wins versus Alaska.
- Wins over Alaska extend Notre Dame winning streak to eight games and unbeaten streak to 18 (16-0-2).
- Defenseman Kyle Lawson and goaltender Jordan Pearce take CCHA weekly awards.
- The Games: #1/#1 Notre Dame (18-3-2/12-2-2-2) at Lake Superior State (6-9-7/3-6-5-1)
- Date/Site/Time: Fri.-Sat., January 16-17, 2009 Taffy Abel Årena (4,000) 7:05 p.m.
- **Broadcast Information: Radio:** Notre Dame hockey can be heard live on Cat Country 99.9 FM in South Bend. **Mike Lockert,** now in his seventh season, will call all the action for the Irish.
- Internet: All Notre Dame hockey games can be heard live on the internet via the Notre Dame website at www.und.com. All home games that are not televised will be streamed live on und. com. All Notre Dame home games and all CCHA games are available via gametracker.

**ON THE ROAD TO LAKE SUPERIOR:** Notre Dame takes its show on the road this weekend with a series at Lake Superior State on Jan. 16-17. Game time both nights at Taffy Abel Arena is set for 7:05 p.m. The Irish and the Lakers are meeting for the second time this season as the two teams played at the Joyce Center on Nov. 14-15. They battled to a 3-3 tie in the opener with Notre

Dame taking the win in a shootout, 2-1. The following night the Irish handed Lake Superior a 5-2 loss. Notre Dame brings an eight-game winning streak into the series that began on Dec. 5 and is currently in the midst of a school-record 18-game unbeaten streak (16-0-2) since Oct. 31. Overall, the Irish are 18-3-2 and are 12-2-2-2, good for 26 points and first-place in the CCHA, five points ahead of second-place Miami. Lake Superior is 6-9-7 on the season with a 3-6-5-1 record in the conference, good for eighth place in the standings with 12 points. The Lakers are coming off a road split at Colgate where they lost 5-4 in overtime last Friday before taking a 6-1 win in Saturday's series finale. Notre Dame remains ranked No. 1 in both the USA Today/ American Hockey Magazine and USCHO.com/ CBS College Sports polls.

**IRISH VERSUS LAKERS:** Notre Dame and Lake Superior State have met 51 times in the all-time series with the series tied at 23-23-5. At Sault Ste. Marie, Mich., the Lakers have a 13-8-1 advantage. Notre Dame is unbeaten in its last eight games (7-0-1) versus Lake Superior, dating back to Dec. 18, 2005. The last time Notre Dame lost at Taffy Abel Arena was Jan. 8, 2005, a 2-1 overtime loss. Since then, the Irish are 2-0 at the home of the Lakers.

**BACK-TO-BACK BLANKINGS:** The Irish are coming off a weekend series at home versus Alaska that saw Notre Dame shut out the Nanooks, 2-0 and 3-0, behind the goaltending of senior **Jordan Pearce (Anchorage, Alaska)**. That marks the second time this season that the Irish have had back-to-back shutouts. In October, Notre Dame shut out Sacred Heart, 3-0 and 7-0, on Oct. 17-18. The last time the Irish had SERIES INFORMATION vs. Lake Superior State All-time Series: Series tied, 23-23-5 At Notre Dame: Notre Dame leads, 14-8-4 At Sault Ste. Marie: Lake Superior leads, 13-8-1 Neutral: Lake Superior leads, 2-1-0

Last 10 meetings: Notre Dame leads 7-2-1

2008-09 Meetings:

Nov. 14 at ND 3, LSSU 3, ND wins SO, 2-1 Nov. 15 at ND 5, LSSU 2

#### ALASKA RECAP:

Saturday, Jan. 10 - For the second night in a row, Notre Dame and Alaska played 40 minutes of scoreless hockey before the Irish broke through with three, third-period goals in the 3-0 win over the Nanooks. Christian Hanson (Sr., Venetia, Pa.), Ben Ryan (So., Brighton, Mich.) and Ryan Thang (Jr., Edina, Minn.) scored the goals while Jordan Pearce stopped all 22 shots he faced for his second consecutive shutout versus Alaska. Hanson got the eventual game winner at 5:33 of the third when he redirected a deflected shot by Garrett Regan (Sr., Hastings, Minn.) past goaltender Chad Johnson. Defenseman Kyle Lawson (Jr., New Hudson, Mich.) started the play with a shot from the right point. The lead would go to 2-0 at 12:28 of the third when Ryan banged the rebound of a Teddy Ruth (So., Naperville, III.) shot past Johnson for his sixth goal of the season. Thang then closed out the game with an empty net goal at 19:03 for his eighth goal of the season and his third straight in as many games. Erik Condra (Sr., Livonia, Mich.) assisted on the goal, picking up his 100th career assist on the play. For the night, Notre Dame out shot the Nanooks by a 29-22 margin. Johnson finished with 26 saves in the game.

Friday, January 9 - Ryan Thang (ppg) and Erik Condra (eng) scored third-period goals to snap a 0-0 tie and give Notre Dame a 2-0 win over Alaska in front of a sell-out crowd of 2,857 at the Jovce Center. Goaltender Jordan Pearce made 16 saves to record his third shutout of the season and the seventh of this career. The Irish out shot Alaska, 30-16, in the game. Nanook goaltender Chad Johnson had 28 saves in the game. Thang snapped the scoreless tie at 11:40 of the third when he converted a Kyle Lawson pass at the left side of the crease for his seventh of the year. Alaska pulled the goaltender in the final minute for a sixth attacker, Christian Hanson won a face off in the Notre Dame zone and got the puck loose to Condra who scored from just outside the Alaska blue line for his fifth goal of the season.

CCHA PLAYERS OF THE WEEK: Junior defenseman Kyle Lawson and senior goaltender Jordan Pearce were selected as the CCHA's defenseman and goaltender of the week respectively for the week ending, Jan. 11. Lawson helped the Irish limit Alaska to 38 shots on the weekend while recording assists on three of Notre Dame's five goals in the series. He was +3 and blocked two shots versus the Nanooks. Pearce continued his incredible season with two shutouts in goal versus Alaska. The senior stopped all 38 shots he faced - 16 in Friday's 2-0 win and 22 in the 3-0 win on Saturday. The shutouts were the third and fourth of the season for Pearce and extended his current shutout streak to a career best 161:30 over the last three games.

**HOBEY BAKER CANDIDATE:** Notre Dame goaltender **Jordan Pearce** is listed among the candidates for the 2009 Hobey Baker Award on the award's website - *hobeybaker.com*. Fans can now vote for their choice for the award at the website. The first phase of the voting will continue until March 8. On March 19, the 10 finalists will be announced. The Hobey Baker Hat Trick of the three finalists will be announced on April 2 with the winner selected on April 10.

Dan Kissel	0	1	.000
Totals	4	9	.445
Goaltender Jordan Pearce	Goals 2	Saves 7	<b>Pct.</b> .778

MR. RELIABLE: Notre Dame's All-American and Hobey Baker candidate - senior goaltender Jordan Pearce - has been a regular in the Notre Dame goal over the last two seasons. Since Jan. 5, 2008, Pearce has appeared in 45 of the last 46 Irish games. Of those 45 games, 44 have been starts. Pearce has now appeared in 20 straight games for the Irish, making 19 starts in that span. The last game he did not start was on Nov. 29 when Tommy O'Brien (Jr., Mokena, Ill.) made his second career start. Pearce came on in relief after 23:15 of action as O'Brien surrendered two goals on eight shots. Pearce has appeared in 22 of Notre Dame's first 23 games this season and is 17-3-2 with a 1.48 goals-against average and a .940 save percentage with four shutouts.

During Notre Dame's current eight-game winning streak, Pearce is 8-0-0 with a 0.88 goals-against average, a .960 save percentage and three shutouts.

In his current 18-game unbeaten streak (16-0-2), Pearce has a 1.24 goals-against average, a .950 save percentage and three shutouts.

Pearce's 40-save performance against Lake Superior State on Nov. 14, were the most saves in his career, surpassing the previous high of 34 set on Feb. 17, 2006 versus Bowling Green in a 7-4 win. He currently has not given up a goal in 161:30, a career best. The streak started on Jan. 3 after he gave up a goal at 18:30 of the first period in the 3-1 win over Minnesota-Duluth.

**ROAD WIN STREAK:** Notre Dame's 3-1 win at Bowling Green on Dec. 12, gives the Irish an eight-game road winning streak, the longest road streak in the program's history. Notre Dame's last road loss came in the season-opener at Denver (5-2) on Oct. 11. The previous longest road win streak came between Jan. 7- Feb. 4, 1977. The Irish are 8-1-0 on the road this season.

CLUTCH SCORER: Ryan Thang's gamewinning goal on Jan. 9 against Alaska was his second of the season and his first since Oct. 18 against Sacred Heart. The game winner gives him 13 for his career and moves him into a tie for the top spot on Notre Dame's all-time gamewinning goal list. Thang is now tied with **Rob Globke '04, Brian Urick '99** and **Dave Poulin '82** - as all four players now have 13 game winners to their credit.

**RECORD STREAK:** Notre Dame's sweep of Alaska gives the Irish eight consecutive wins since Nov. 29. The win also extends the schoolrecord unbeaten streak to 18 games (16-0-2). The streak broke the previous mark of 15 straight (15-0-0) that was set between Nov. 4, 1983 and Jan. 21, 1985. The Irish have not been on the losing end of the score since falling to Miami, 3-2, on Oct. 25.

**MORE ON PEARCE:** With his shutout win on Jan. 10 versus Alaska, **Jordan Pearce** moved into fourth on Notre Dame's all-time wins list with his 46th career victory. The win moved him ahead of **Dave Laurion '82** and puts him three behind **Dick Tomasoni '72**, who had 49 in his career. Here are the top five goaltenders in wins at Notre Dame:

Name (Years)	Wins
Lance Madson ('86-'90)	56
David Brown ("03-'07)	55
Dick Tomasoni ('68-'72)	49
Jordan Pearce ('05- )	46
Dave Laurion ('78-'82)	45

**CLIMBING THE CHARTS:** With the two shutouts versus Alaska, **Jordan Pearce** now has four shutouts this season and eight for his career. The seven career shutouts move Pearce into second on the all-time list. **David Brown '07** holds the Irish record with 12 during his Irish career.

JOINING THE CENTURY CLUB: Senior right wing Erik Condra recorded the 100th assist of his Notre Dame career on Ryan Thang's third-period goal in the 3-0 win over Alaska on Jan. 10. The assist makes him just the 10th player in the 41-year history of the program to record 100 assists in his career. In Friday's game with Alaska, Condra recorded the 40th goal of his Irish career. He is currently 19th on Notre Dame's all-time points list with 140 career points. Condra is in the midst of a team-best point streak has he now has one point in each of his last six games (1-7-8)

**STREAK NUMBERS:** In Notre Dame's 18game unbeaten streak, the Irish have given up one goal or less in 12 of the 18 games. The Irish have only given up three goals twice - a 3-3 tie with Lake Superior and a 4-3 win over Bowling Green. During the streak, the Irish have out scored the opposition by a 66-24 margin (3.67 to 1.33).

LOWE'S SENIOR CLASS AWARD: Two members of the Notre Dame hockey team are among a list of 20 candidates for the Lowe's Senior CLASS Award. Named to the list last week are senior forward Erik Condra and goaltender Jordan Pearce. The award is given annually to an NCAA Division I student-athlete in nine sports based on achievement's in the "Four C's" of classroom, character, community and competition. CLASS is an acronym for Celebrating Loyalty and Achievement for Staying in School. Last season, senior Mark Van Guilder '08 was one of 10 finalists for the award and in 2007, goaltender David Brown '07 was selected as the first winner of the hockey award. **RED HOT HANSON:** Senior center **Christian Hanson** is off to the best start of his collegiate career. Through the first 23 games of the season, Hanson leads the Irish in scoring with 14 goals and 11 assists for 25 points. He also has six power-play goals, one short-handed marker and four game winners. He now has career-bests in goals (14), assists (11), points (25), powerplay goals (6) and game winners (4). The 6-4, 228-pound center has points in 10 of his last 14 games (10-9-18). In 16 CCHA games this season, Hanson leads the league in scoring with 12 goals and 11 assists for 23 points.

**HEATING UP:** Junior left wing **Ryan Thang** is getting hot at the right time. After getting just five goals in the team's first 20 games, Thang has scored one goal in each of the last three games for a three-game goal and point streak (3-1-4). He is currently seventh on the team in scoring with eight goals and six assists for 14 points.

WELCOME BACK: Sophomore defensemen Ian Cole (Ann Arbor, Mich.) and Teddy Ruth (Naperville, Ill.) returned to the Notre Dame lineup for the Alaska series after missing both games of the Shillelagh Tournament while playing for the U.S. Junior National Team in the World Junior Championships from Dec. 26 to Jan. 5. The duo helped the U.S. to a fifth-place finish. Cole, playing in his second tournament had two goals and two assists in his six games while Ruth had no points with 25 penalty minutes in his first appearance. The duo are among 12 Notre Dame players all-time to play for the U.S. in the World Junior Championships. They join fellow defenseman Kyle Lawson as current Irish players to have played in the tournament during their careers.

**ON THE SIDELINES:** The Irish will be without the services of sophomore goaltender **Brad Phillips (Farmington Hills, Mich.)** for the entire season. Phillips injured his right knee in the preseason and will be out of action for the year. He was 4-1-0 as a freshman with a 1.53 goals-against average and a .923 save percentage.

**WINNING TEAMS:** Since the start of the 2006-07 season, Notre Dame has the winningest hockey program in the nation. Heading into this weekend at Lake Superior, Notre Dame ranks first in wins (77) and first in winning percentage (.728). Here are the top five teams by wins and winning percentage (as of Jan. 14).

Wins	
Notre Dame 77	
Michigan 74	
Miami 69	
North Dakota 65	
Boston College 63	
New Hampshire 61	

Winning Pct. Notre Dame (.728) Michigan (.722) Miami (.689) Boston College (.664) New Hampshire (.649) North Dakota (.636)

**NICE NOVEMBER:** Notre Dame closed out the month of November with a 7-0-2 mark in the nine games played. During the month, the Irish out scored the opposition by a 41-15 margin (4.56 to 1.67). In the two ties, Notre Dame won the CCHA contests with a pair of 2-1 shootout victories. Last season, the Irish were 9-1-0 in the month of November.

**BETTER DECEMBER:** The Irish finished up the month of December with a 4-0-0 record, out scoring the opposition by an 11-5 margin (2.75 to 1.25). Notre Dame takes an 11-0-2 mark over the last two months into January.

**ON A ROLL IN THE NEW YEAR:** The Irish started January with four straight wins to run the winning streak to eight games. During January, Notre Dame has out scored the opposition by an 11-2 margin (2.75 to .50).

A CHILL (ING) REUNION: When Calle Ridderwall (So., Stockholm, Sweden) and freshman Billy Maday (Burr Ridge, Ill.) were put on the same line with center Kevin Deeth (Jr., Gig Harbor, Wash.) in the second game of the Miami series, it marked the first time that Ridderwall and Maday played together at Notre Dame. The two aren't strangers as they spent the 2005-06 season as linemates with the Chicago Chill Midget AA program, helping the Chill to a second-place finish at the USA Midget AA championships. Maday had 38 goals and 87 assists for 125 points in 74 games with the Chill while Ridderwall had 52 goals and 66 assists for 118 points that season. In 18 games together this season, the duo has combined for 16 goals and and 18 assists with Maday having seven goals and seven assists and Ridderwall nine goals and 11 assists for 20 points in those games.

**ROOKIE OF THE MONTH:** Notre Dame freshman right wing **Billy Maday** was selected as the CCHA rookie of the month for November. In nine games during the month, Maday had seven goals and four assists for 11 points. Included in his seven goals were five power-play markers. Maday scored points in eight of the nine games and was +4 in the month. He finished the month scoring goals in the last five consecutive games, going 5g, 2a in that span. The freshman is fourth in scoring on the team with nine goals and seven assists for 16 points in his first 18 games.

**RED HOT SWEDE:** Sophomore Calle Ridderwall credits his strong second season to an increase in confidence. The speedy left wing has seen his game take off in recent weeks as he has now scored 17 points (7g, 10a), notching points in seven of his last 11 games. His current tear started in a game that he didn't get credited with any points, but got the winning goal for the Irish. On Nov. 14, Notre Dame faced Lake Superior in their first-ever shootout and Ridderwall dazzled the crowd with a great move to score the winning goal for the Irish. He followed that with a career-best three-point game (1g, 2a) in the win over the Lakers the following night. Versus Bowling Green (Nov. 21-22), Ridderwall had a pair of assists in the 5-1 win and then added his first career four-point game (2g, 2a) in the 9-1 win over the Falcons. He didn't wait long to get his second four-point game as he followed the first with another two-goal, two-assist night in the 4-1 win over Western Michigan and then added an assist in the second game versus the Broncos. For the year, Ridderwall is second in scoring on the Irish roster with nine goals and 12 assists for 21 points, surpassing his freshman totals of five goals and two assists for seven points.

TOURNAMENT HONORS: Notre Dame collected its first Shillelagh Tournament title on Jan. 2-3 at the Sears Centre in Hoffman Estates, The Irish defeated Union College, 3-1 in T11 the first game and then knocked off Minnesota-Duluth, 3-1, in the title game. Notre Dame placed four players on the Shillelagh Tournament all-tournament team. Selected to the team were: junior defenseman Kyle Lawson, forwards Ben Ryan and Garrett Regan and goaltender Jordan Pearce, who also was named the tournament's Most Outstanding Player. Lawson anchored an Irish defense that limited Union and Minnesota-Duluth to 41 shots in the tournament while playing over 30 minutes per game. Ryan had a goal and an assist, getting the game winner in the win over Union. Regan scored two goals in the title game, including the game winner versus Minnesota-Duluth. Pearce surrendered just two goals (one even-strength goal) on 41 shots (.951 sv%) and picked up two wins in the tournament. Also selected to the all-tournament team were Minnesota-Duluth defenseman Erik Oberg and forward Justin Fontaine.

**THREE IN A ROW:** With the win in the Shillelagh Tournament on Jan. 2-3, the Irish have now won one in-season hockey tournament in each of the last three seasons. In 2006-07, the Irish won the Lightning College Hockey Tournament in Tampa, Fla. In 2007-08, Notre Dame was the winner of the Rensselaer Holiday Hockey Tournament in Troy, N.Y. and this season, the Irish got the win in the Shillelagh Tournament.

4. Forrest Karr (1998-99) 2,161 IRISH TOURNEY HISTORY: For Notre

**IRISH TOURNEY HISTORY:** For Notre Dame, the Shillelagh Tournament was the 31st inseason tournament that the Irish have participated in. The two wins give Notre Dame an all-time mark of 25-34-3 in those tournaments. The Irish now have finished first (seven times), second (six times), third (seven times) and fourth (11 times) in those tournaments.

**TAKE ME OUT TO THE HOCKEY GAME:** As part of the first-ever Shillelagh Tournament, all four tournament teams attended the NHL's Winter Classic at Wrigley Field on Jan. 1. Notre Dame got to see former Irish defenseman **Brett Lebda '04** score a goal for Detroit in the Red Wings' victory.

THE PLAYMAKER: With assists in each game of the Shillelagh Tournament, junior defenseman **Brett Blatchford (Temperance, Mich.)** now ranks third in the CCHA in assists with 18 and ranks second among all CCHA defensemen with 18 points this season. The smooth-skating defenseman has already exceeded his output of last year when he had 12 assists in 45 games. He leads Notre Dame defensemen in scoring and currently ranks 13th nationally among defensemen in scoring.

MAKING THE MOST OF IT: Center Ben Ryan has made the most of the goals he's scored this season. With a goal versus Alaska, Ryan now has six goals this season. More importantly, three of his six goals have been game-winning goals. The three game winners this season rank him second to Christian Hanson on the team.

The Irish picked up a pair of wins in the series, winning 2-0 and 3-0. The Irish are now 3-3-0 versus ranked teams this season. Notre Dame opened the season on Oct. 11 with a 5-2 loss at No. 6 Denver. On the weekend of Oct. 24-25, the Irish lost a pair of games to No. 10 Miami, 2-0 and 3-2. They knocked off No. 2 Boston College, 4-1, on Nov. 7. Last season, Notre Dame faced 15 teams that were ranked when they faced the Irish. They were 5-9-1 in those games.

**POWER-PLAY PRODUCERS:** Five Notre Dame players currently rank in the top 10 in the CCHA for power-play point production. Left wing **Calle Ridderwall** is tied for first (7-8-15) with center **Christian Hanson** third (6-7-13). Defenseman **Brett Blatchford** is tied for sixth (0-11-11) and is followed by right wing **Billy Maday** (5-4-9) and center **Kevin Deeth** (2-7-9) who are tied for 10th.

**THE NEW KIDS:** With **Ian Cole** and **Teddy Ruth** playing in the World Junior Championships from Dec. 26 to Jan. 5, head coach Jeff Jackson called on a pair of freshmen defensemen to step into the lineup for the Shillelagh Tournament. **Eric Ringel (Hinckley, Ohio)** and **Nick Condon (Wausau, Wis.)** stepped into the lineup and played well in place of Cole and Ruth. For Ringel, it was his fourth and fifth games this season He had no shots but was +1 on the weekend. Condon played in his second and third games and also had no shots but was +1 for the weekend.

LETTERS OF INTENT: Notre Dame head coach Jeff Jackson has announced that five plavers have signed national letters-of-intent to play hockey at Notre Dame beginning in the fall of 2009: The list includes two defensemen and three forwards. Joining the Irish for next season are: Sam Calabrese (Park Ridge, Ill.), Cam Fowler (Farmington Hills, Mich.), Nick Larson (Apple Valley, Minn.), Kyle Palmieri (Montvale, N.J.) and Riley Sheahan (St. Catharines, Ont.). Calabrese, Fowler and Palmieri all play for the USA Under-18 team while Larson plays for Waterloo in the USHL and Sheahan is a member of the St. Catharines Falcons organization in the Greater Ontario Junior Hockey League. Calabrese and Palmieri are eligible for the 2009 NHL Entry Draft next June while Fowler and Sheahan can't be drafted until the June of 2010 draft. Larson was selected in the fourth round of last year's draft by the Calgary Flames.

**MINELLA MAGIC:** Junior right wing **Christiaan Minella (Aurora, Colo.)** scored his first career goal, on his first shot in his first collegiate game against Bowling Green on Nov. 11, 2006. It would be 46 games before he would score again, getting the second goal of his career on Oct. 18 of this season against Sacred Heart. The 6-2, 216-pound forward then had a three-game goal-scoring streak between Nov. 14-Nov. 21 with goals in each game of the Lake Superior series and one against Bowling Green. Since November 14, Minella has three goals and six assists for nine points. His four goals and 10 points this season are career highs for Minella and he's done it in just 21 games.

**TAKING ADVANTAGE OF THE MAN ADVANTAGE:** Prior to Notre Dame's series with Bowling Green (11/21-22), Notre Dame's power-play was hitting at a 15.6% success rate and ranked fifth in the CCHA and 31st in the nation. Since then, the power-play is 20-for-68 for a 29.4% success rate. On the season, Notre Dame's power play is now 32-for-145 for a 22.1% success rate. That leads the CCHA and is third nationally.

**PICK SIX:** Notre Dame had one of the best power-play performances in program history on Nov. 22 at Bowling Green when the Irish went 6-for-12 on the night with the man advantage. Prior to that, the last time Notre Dame scored six power-play goals in a game was Oct. 21, 1994 when the Irish had six ppg's in an 8-4 win over Waterloo at the Joyce Center. The last time the Irish had 12 power-play chances in a game was on Oct. 8, 2004 at home against Minnesota-Duluth. The Irish were 1-for-12 on the power play in that game.

**FRESHMAN LEADER:** Notre Dame rookie **Billy Maday** is sixth on the Irish in scoring with nine goals and seven assists for 16 points in his first 22 games this season. He is tied for fourth among freshmen scorers in the CCHA with his 16 points and is tied for 24th on the national level.

WE'RE NO. 1: For just the third time in the 41year history of the Notre Dame hockey team, the Irish are ranked No. 1 in the nation. Both polls, the USA Today/American Hockey Magazine and USCHO.com/CBS College Sports polls, have Notre Dame at the top of their lists for the fourth consecutive week. This is the first time since the 2006-07 campaign that Notre Dame has been ranked No. 1. During that year, the Irish were tops in the nation for seven consecutive weeks. The first time that Notre Dame was ranked No. 1 was during February of 1977 when the Irish were on top for just one week.

**RANKINGS UPDATE:** Notre Dame entered the 2008-09 season ranked fourth in both the USA Today/American Hockey Magazine and USCHO. com/CBS College Sports polls. The Irish finished the 2007-08 campaign ranked third in the USA Today poll and 12th in the USCHO.com polls. During the '07-'08 season, the Irish were ranked every week of the season for the first time in the program's 41-year history. Going back to the 2006-07 season. Notre Dame has been ranked in both polls for 49 consecutive weeks, the longest stretch for the Irish icers. During the '06-'07 season, Notre Dame was ranked No. 1 for seven straight weeks from Feb. 5 to March 25. Prior to that, the Irish had been No. 1 just one other time, for a week during the 1976-77 season.

**THE LAST TIME:** Notre Dame won by the score of 1-0 prior to the Dec. 6 win at Ferris State came on Feb. 16, 2007, a 1-0 overtime win at Alaska. That win came with **David Brown '07** in goal and clinched the first-ever regular season CCHA championship for the Irish.

ALL GOOD THINGS MUST END: The 1-0 win at Ferris State (Dec. 6) ended three players six-game scoring streaks. From Nov. 15 to Dec. 5, sophomore **Calle Ridderwall** had six goals and 10 assists, senior **Christian Hanson** had six goals and eight assists and freshman **Billy Maday** had five goals and three assists for eight points. All three streaks ended at Ferris State.

**FIRST POINT:** Freshman center **Patrick Gaul** (**Pittsburgh, Pa.**) picked up his first collegiate point in the 1-0 win over Ferris State. Gaul started the game-winning play as he moved the puck through the neutral zone to defenseman **Ian Cole** who set up **Dan Kissel's** game winner. Gaul has played in eight games this season for the Irish. **NINE LIVES:** The nine-goal output by the Irish in the 9-1 win at Bowling Green on Nov. 22 marked the first time that Notre Dame had scored nine goals in a game since Nov. 10, 2005 when they scored nine versus Bowling Green in a 9-4 victory.

**GOOD FOR GUENTZEL: Ryan Guentzel's** (Woodbury, Minn.) third-period goal on November 14 tied the game against Lake Superior State and was the final goal of the game in Notre Dame's 3-3 tie and shootout win against the Lakers. The goal also was the first of the sophomore right wing's collegiate career and snapped a 35game goal-less drought. Since then, Guentzel has added a goal and three assists to give him two goals and five assists for seven points, career highs in goals, assist and points. As a freshmen, he had just four assists on the season.

**POWER PLAYS AGAINST:** Notre Dame has given up just 12 power-play goals in the first 23 games this season. The 12 goals have actually come in just eight games and the Irish are 4-2-2 in those contests. So far this season, the Irish have given up 12 power-play goals in 125 chances for a 90.4% success rate. Notre Dame has given up those power play goals to: two to Denver on Oct. 11, two to Miami on Oct. 25, two to the Lake Superior on Nov. 14, one to Bowling Green on Nov. 22, one to Western Michigan, Nov. 29, one to Ferris State, Dec. 5, two to Bowling Green, Dec. 13 and one to Union on Jan. 2.

**HOME AWAY FROM HOME:** Notre Dame's 4-1 win at Boston College's Kelley Rink on Nov. 7 was the third consecutive win for the Irish on BC's home ice. In 2003-04, the Irish handed the then-No.1 Eagles a 1-0 loss. Two years ago (2006-07), Notre Dame downed the top-ranked Eagles, 7-1 and this year, they handed the second-ranked Eagles the 4-1 loss. In the last three wins at Kelley Rink, Notre Dame has outscored Boston College, 12-2. In the last six meetings between the two schools, the Irish are 4-1-1 against the Eagles.

**FIRST TIMERS:** Notre Dame's weekend sweep at Northern Michigan (Oct. 31-Nov. 1) marked the first time that the Irish have ever won a twogame series in Marquette, Mich., since the teams began playing during the 1981-82 season. Last weekend's sweep coupled with a 2-1 win on Jan. 5 of last season gives Notre Dame three straight wins at Northern Michigan.

**SHORT STUFF:** Senior center **Christian Hanson** recorded the second short-handed goal of his career in the 3-1 win at Bowling Green. The Irish now have five short-handed goals this season in the first 23 games. A year ago, the Irish had nine shorties in 47 games.

**TWO IN A ROW:** The two consecutive losses by Notre Dame to Miami on Oct. 24-25 marked the first time that the Irish have lost two in a row at home since March 3-4, 2006 when they lost both games of their first round, CCHA playoff series to Alaska, 3-1 and 1-0. The last time that Notre Dame was swept at home in a regularseason CCHA series was Nov. 25-26, 2005 when the Irish were swept at the Joyce Center by Ohio State, 4-1 and 5-2.

FIRST TIME OUT: Junior goaltender Tom O'Brien became the first Notre Dame goaltender to record a shutout in his first career start when he blanked Sacred Heart, 7-0, making 17 saves in the Oct. 18 contest. The previous earliest shutout was held by Jordan Pearce who recorded a shutout in just his second start in 2005. David Brown '07 had his first shutout in his third game as a freshman in October of 2003.

**KNOCKING OFF NO. 1:** Notre Dame played five games during the 2008-09 season versus teams ranked No. 1 in the nation. On Nov. 9-10, the Irish faced top-ranked Miami in Oxford, Ohio, splitting a weekend series with the RedHawks. In January (18-19), the Irish dropped two games to No. 1 Michigan, losing at Yost Arena and also at the Palace of Auburn Hills. Notre Dame met the top-ranked Wolverines a third time on Apr. 10 at the Frozen Four in Denver, Colo., and knocked off Michigan, 5-4 in overtime to advance to the national championship game. Here's the list of Irish wins versus top-ranked teams in the 41-year history of the program.

4/10/08 - vs. Michigan, 5-4 ot (at Frozen Four) 10/9/07 - at Miami, 2-1 10/21/06 - vs. Boston College, 7-1 10/22/04 - vs. Boston College, 3-2 10/23/03 - at Boston College, 1-0 1/3/99 - at North Dakota, 4-3 11/20/78 - at Minnesota, 3-2 1/13/78 - vs. Denver, 5-3 1/18/74 - vs. Michigan Tech, 7-1 2/24/73 - vs. Wisconsin, 4-3 2/23/73 - vs. Wisconsin, 8-5

**THEY HAVE OUR NUMBER:** Notre Dame's loss to the University of Denver drops the Irish to just 10-35-3 all-time against the Pioneers. Playing at DU has been a problem for the Irish as they are now 2-22-2 in the all-time series at the Mile High City. The two teams were members of the WCHA from 1971-1981. Since leaving the WCHA following the 1980-81 season, the Irish are just 1-4-1 against Denver and 1-3-0 since Jeff Jackson took over as head coach in 2005-06.

**FOUR FOR US:** After giving up four goals in the third period of the season opener at Denver (10/11), the Irish blitzed Sacred Heart for four goals in the second period of the 7-0 shutout on Oct. 18. The four-goal outburst was the first for Notre Dame since doing it on Dec. 8, 2007, getting four goals in the second period of a 7-0 shutout at Princeton. Notre Dame also scored four goals in a period on November 1, 2007 with four in the second versus Lake Superior State in a 7-3 victory.

**DOCTOR, DOCTOR:** Seniors **Erik Condra** and **Jordan Pearce** don't have much in common on the ice as one is known for shooting pucks and the other for stopping them. Off the ice, the senior duo have a great deal in common as they are both pre-med majors at Notre Dame, balancing the books and hockey and doing both rather well. Condra has a double major in psychology and pre-med whil Pearce has his double major in anthropology and pre-med. On the ice, Condra is the team's top returning scorer as he led the Irish with 15 goals and 23 assists for 38 points as a junior. Pearce started 43 games in goal for the Irish, going 23-15-4 with a 2.04 goals-against average and a .914 save percentage. He had the best goals against in the CCHA with a 1.80 mark in conference games. The native of Anchorage, Alaska was the team's Most Valuable Player and won the Rockne Scholar-Athlete Award while being selected to the CCHA's Scholar-Athlete team and a second team Academic All-American.

ACADEMIC EXCELLENCE: Nineteen of 22 athletics programs at the University of Notre Dame compiled graduation rates of 100 percent, and none were below 90 percent, according to the fourth year of Graduation Success Rate measurements developed by the NCAA and released on Oct. 11. None of the 119 Football Bowl Subdivision (formerly Division I) programs in the country had a higher percentage of 100 GSR scores than did Notre Dame with its .863 figure (19 of 22). This marked the third time in the four years of the survey that Notre Dame has ranked number one in percentage of teams with 100 scores. Here are the top 10 in that category (only 10 institutions had 50% or more of their sports registering 100 marks):

Institution	Pct	100 Scores/ Sports Rated
1. Notre Dame	.863	19/22
2. Northwestern	.789	15/19
3. Boston College	.740	20/27
4. Duke	.681	15/22
5. Vanderbilt	.667	8/12
<ol><li>Wake Forest</li></ol>	.642	9/14
7. Stanford	.629	17/27
8. U.S. Naval Academy		11/19
9. Rice	.539	7/13
10. Tulane	.500	6/12

NCAA figures showed that all 11 Irish women's programs posted a GSR of 100 percent -- basketball, cross country/track, fencing, golf, lacrosse, rowing, soccer, softball, swimming, tennis and volleyball. Among Notre Dame's men's sports, baseball, basketball, cross country/track, fencing, lacrosse, soccer, swimming and tennis achieved 100 percent GSR scores. Ice hockey scored 96 percent, football scored 94 percent, and golf was at 90. Overall, that's one more perfect score than a year ago for the Irish programs, after Notre Dame recorded 18 100 percent GSR scores (of 22 sports) in 2007. In 2005, among the 119 NCAA Division I-A football-playing institutions, Notre Dame had the highest percentage of its sports with 100 percent scores, with a .800 figure (16 of 20). The 2006 data put Notre Dame's percentage at .773 (17 of 22), to rank second behind the U.S. Naval Academy. The 2007 data put Notre Dame's percentage at .818 (18 of 22), which again ranked number one.

ACADEMIC ALL-AMERICAN HONORS:

Goaltender Jordan Pearce was selected as an *ESPN The Magazine/*CoSIDA Academic All-American during the 2007-08 season. Pearce, with a double major in anthropology/pre-med, was a second team selection on the At-Large team. He owns a 3.816 grade-point average and has made the Dean's List in four of his first six semesters. Pearce became the first Notre Dame hockey player to take Academic All-American honors since Dan Carlson '01 and the fifth player overall. He joins Carlson (third team), Andy Jurkowski '00 (third team), Forrest Karr '99

(second team) and **Steve Noble '97** and '98 (first team and second team). Two other Irish players were selected to the all-Region V team in '07-'08 – **Mark Van Guilder '08** and **Erik Condra** (Livonia, Mich.)

**CAPTAINS:** Senior right wing **Erik Condra** will serve as Notre Dame's captain for the 2008-09 season. Joining Condra as alternate captains in '08-'09, are senior center **Christian Hanson** along with junior left wing **Ryan Thang** and junior defenseman **Kyle Lawson**. Condra served as an alternate captain in 2007-08 while this is the first season as captains for Hanson, Thang and Lawson.

**BACK-TO-BACK:** Following the 2007-08 CCHA regular season, goaltender **Jordan Pearce** won the league's top goaltender award based on his 1.80 goals-against average in CCHA games. Pearce followed **David Brown '07**, who had a 1.77 goals-against average to win the 2006-07 award. This marks the fourth time since the 1982-83 season that the same school has won back-to-back goaltending titles with different goaltenders between the pipes. Pearce and Brown are joined on that list by:

1988-89 Bruce Hoffort - LSSU (2.67) 1989-90 Darin Madeley - LSSU (2.37)

1997-98 Chad Alban - MSU (1.63) 1998-99 Joe Blackburn - MSU (1.34) 1999-00 Ryan Miller - MSU (1.34)

1777-00 Ryan Miller - MISO (1.54)

FAMILY GUYS: Three members of the Notre Dame hockey team - senior forwards Erik Condra and Garrett Regan (Hastings, Minn.) and sophomore goaltender Brad Phillips (Farmington Hills, Mich.) - have family ties to the Irish athletics program. Condra's uncle is All-American forward Kirt Bjork '83 who played at Notre Dame from 1979-83. He scored 76 goals with 85 assists for 161 career points in 141 career games. Biork took All-America honors in 1983 when he had 29 goals and 34 assists for 63 points. Regan's uncle - Sean Regan - was a defenseman for the Irish from 1981-83 before finishing his career at the University of Minnesota. Phillips' uncle, is former Irish quarterback Terry Andrysiak '89, who played at Notre Dame from 1985 to 1988.

FAMOUS FATHERS: Two members of the 2007-08 Notre Dame hockey team - senior center Christian Hanson and sophomore goaltender Brian Brooke (Eden Prairie, Minn.) - have hockey in their blood as their fathers played at the highest level in the National Hockey League. Hanson's father, Dave Hanson, played 10 years of prossional hockey between 1974-75 and 1983-84, including stints with the Detroit Red Wings and the Minnesota North Stars and the World Hockey Association's (WHA) Minnesota Fighting Saints and the New England Whalers. Fans might also be familiar with Dave Hanson, as one of the famed Hanson Brothers, made famous in the hockey movie - Slapshot. Hanson is still involved in hockey as he currently serves as the director of the Island Sports Center, home of Robert Morris University's hockey team, in suburban Pittsburgh. Brooke's father, Bob Brooke, played seven seasons in the NHL between 1984 and 1990 with the New York Rangers, Minnesota North Stars and New Jersey. A 1983 hockey All-American at Yale, Brooke also was a member of the 1984 U.S. Olympic Team.

**MINUTES MAN:** Goaltender **Jordan Pearce** entered the 2007-08 season having played in just 12 games and 622 minutes in the first two years of his Irish hockey career. During the '07'08 campaign, Pearce showed everyone that he could play as he set Notre Dame goaltending marks for games played (43), games started (42) and minutes played (2,557:46). He finished the season ranked second in the nation in minutes played behind Boston College's John Muse who saw action in 2,725:06 minutes for the Eagles.

**TRADING PLACES:** Sophomore Irish defenseman **Teddy Ruth** was a second round draft choice of the Washington Capitals in the 2007 NHL Entry Draft. The rugged defenseman won't have a chance to play for the Capitals though. At the 2008 NHL trading deadline, Ruth saw his rights traded even up to the Columbus Bluejackets for future Hall of Famer Sergei Fedorov.

LEFTY'S RINK: When Notre Dame's new ice hockey arena, located within the Joyce Center is built, the new ice hockey rink will be named the Charles W. "Lefty" Smith, Jr., Rink, in honor of the first coach in the program's history, **Charles** "Lefty" Smith. The announcement was made in April of 2008 at the team's annual awards banquet.

The plans for naming the new ice surface in honor of Smith were made possible by the generosity of the John and Mary Jo Boler family of Inverness, III., and Sanibel Island, Fla., their daughter Jill Boler McCormack '84 and her husband, Dan; and their son Matthew Boler '88 and his wife, Christine. They were joined by the family of Frank '57 and Mary Beth O'Brien of Albany, N.Y., who have six children who all graduated from Notre Dame. Their late son, Frankie, played both lacrosse and hockey for the Irish from 1984-88.

Smith came to Notre Dame in 1968 to start the varsity hockey program and coached the Irish for 19 years, retiring in 1987 with 307 career victories. Under his tutelage, Notre Dame produced six All-Americans but most importantly, all 126 student-athletes who played for him completed their collegiate eligibility and earned college degrees.

Smith, who continues to work as the director of the Loftus Sports Center on campus, served two years as the president of the American Hockey Coaches Association. He was inducted into the Minnesota Hockey Coaches Association Hall of Fame in 1992. He played an integral in bringing the International Special Olympics to Notre Dame in 1987.

Married for 56 years, Lefty and his wife, Mickey, are parents of seven living children, with 16 grandchildren and two great grandchildren.

**HOMETOWNS:** The 2008-09 Notre Dame hockey team features players from 10 states, one Canadian province and Sweden. Over the past 14 seasons, the Irish have had monogram winners from 21 different states and provinces – those listed below, plus: Delaware, Massachusetts, Maryland, New York, North Dakota, Alberta, Prince Edward Island, Quebec, Saskatchewan and British Columbia. Sophomore **Calle Ridderwall** (Stockholm) become the first Notre Dame hockey players from Sweden during the 2007-08 season.

LEADER OF THE PACK: Notre Dame head coach Jeff Jackson begins his fourth season behind the Irish bench in 2008-09. In his first three years he has compiled a 72-42-11 (.620) record, highlighted by a 32-7-3 mark in 2006-07 and last season's 27-16-4 record on the way to the first-ever appearance for the Irish in the Frozen Four. The '06-'07 CCHA coach-of-the-year and Spencer Penrose Award winner as the national coach-of-theyear, Jackson enters the '08-'09 season with the best winning percentage among Division I coaches with five or more years. His current overall record stands at 254-94-36 for a .708 success rate. His 254 wins tie him for 17th on the list of active coaches. In six seasons at his previous collegiate stop - Lake Superior State (1990-96) - Jackson's teams were 182-52-25 with two national championships, two CCHA regular-season titles and four CCHA tournament championships. Included in his 254 career wins are 46 postseason victories (46-14 in postseason) and a .767 winning percentage . In nine trips to the CCHA postseason, Jackson's teams are 30-7 (.811). Those totals include a 24-2 mark at Lake Superior and a 6-5 record at Notre Dame. In those nine seasons, Jackson has seen his teams advance to the CCHA finals eight times, winning five tournament championships (four at Lake Superior and one at Notre Dame).

NATIONAL JUNIOR TEAM: Sophomore defenseman Ian Cole (Ann Arbor, Mich.) was named to the U.S. National Junior team for 2009 and was joined by fellow sophomore Teddy Ruth (Naperville, Ill.) who becomes the 12th Notre Dame hockey player to participate in the World Junior Championships. Cole, and Ruth, along with Sean Lorenz (Fr., Littleton, Colo.) were invited to the 2009 Junior National Evaluation Camp this past August as they tried out for a berth on this winter's team that will play in Ottawa, Ontario. Cole and Ruth join Jack Brownschidle (`76-'77, `78-'79), Ben Simon ('96-'97, '97-'98), Joe Dusbabek ('97-'98), Dan Carlson ('98-'99), Connor Dunlop ('99-'00, `00-'01), Brett Henning (`99-'00), David Inman ('99-'00), Rob Globke ('00-'01, '01-'02), Brett Lebda ('01-'02) and Kyle Lawson ('06-'07) as former Irish players to play in the World Junior Championships.

NHL DRAFTEES: The Irish have eight players on the 2008-09 roster who have been selected in the National Hockey League's Entry Draft. Just one incoming freshman - defenseman Sean Lorenz – was selected in the 2008 draft as he was picked by the Minnesota Wild in the fourth round, 115th overall. In the previous draft in June of 2007, Notre Dame saw five of its players selected. Leading the way was current sophomore defenseman Ian Cole who was a first-round selection of the St. Louis Blues who took him with the 18th pick overall. Cole became the first Irish player ever selected in the first round and was selected earlier than any other Notre Dame player (Rob Globke '04 was the previous highest selection when he was picked 40th overall by Florida in 2002). Cole was followed by fellow defenseman Teddy Ruth who went in the second round, 46th overall to the Washington Capitals. Ryan Thang was selected in the third round, 81st overall by the Nashville Predators. Sophomore center Ben Ryan (Brighton, Mich.) joined Thang when the Predators made him the 114th pick (fourth round). Goaltender Brad Phillips rounded out the Notre Dame selections in the 2007 draft when the Philadelphia Flyers selected him in the seventh round, 182nd overall. They join senior right wing Erik Condra who was selected in the seventh round, 211th overall by the Ottawa Senators in 2006 and junior defenseman Kyle Lawson who was selected in the 2005 NHL Draft by the Carolina Hurricanes in the seventh round, 198th overall.

USA...USA...USA: Notre Dame will have seven players on the 2008-09 roster who have cut their teeth with the U.S. National Team Developmental Program. The list includes: senior Jordan Pearce, junior Kyle Lawson, sophomores Ian Cole, Teddy Ruth and Brad Phillips and newcomers Patrick Gaul (Pittsburgh, Pa.) and Sean Lorenz. Since the program started, the Irish have 21 former USNTDP alums play at Notre Dame since the program began in 1997-98. Along with

  

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 0- 0- 0                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 0- 0- 0                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | 0- 0- 0                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 0- 0- 0
