

## **“The Extra Mile”**

Follow the Journey of the 2010 Notre Dame women’s soccer team as they travel through an improbable run to a national championship. Through coach and player interviews, this video will take you inside the minds of the team that made history on their way to a national championship. After finishing the regular season 15-1-2 and winning the Big East National division title, The Irish stumbled in the conference tournament losing to Connecticut in the quarterfinal round. The loss ended an NCAA Division I record 77-match unbeaten streak (72-0-5) against conference opponents and a 100 match home unbeaten streak against conference opponents. How do you recover from that? The fourth seeded Irish rattle off 6 wins, travel over 4,000 miles, defeat two number one seeds and two number three seeds before raising the trophy as the 2010 National Champions.
