The Notre Dame women's swimming and diving team after winning the BIG EAST Championship. It was the 11th consecutive win for the Irish.

## Success Brings Higher Expectations For Upcoming Season

*After winning an 11th-consecutive BIG EAST Championship, the women's swimming and diving program looks to reach higher goals at the national level*

Coming off a record-setting season by winning their 11th-straight BIG EAST title, the most consecutive wins by any program in BIG EAST history, the Notre Dame women's swimming and diving team enters the 2007-08 season with high expectations. Led by third-year head coach Carrie Nixon, the Irish will have to fill holes of graduated seniors, while embracing the talent of incoming freshmen. They will look to not only reach the levels of success that the program has traditionally found in the past, but also break past them.

The 2006-07 season was highly successful for the Irish. Along with the conference title, Nixon coached the women's team to 10 individual and two relay BIG EAST championships and took her team onto the national scene where the Irish finished 27th at the NCAA Championships with 25 points. The Irish finished the season with an 8-1 record in dual meets and ranked 19th nationally in the dual-meet pool by the College Swim Coaches Association of America (CSCAA).

"We had a great season last year so this year we are really expecting a lot," Nixon says. "Obviously we want to pick up that 12th BIG EAST title and keep that winning streak alive. We also want to send more girls to the national meet and finish higher. Last season we took eight girls to NAAs and finished 27th. This year we want to take more and look to finish in the top 15. We're in a position to reach those goals this year and that's what makes it all exciting."

### Team Information

**2006-07 Record:** 8-1

**2007 BIG EAST Championships:** 1st, 758 pts.

**2007 NCAA Championships:** 27th, 25 pts.

**Monogram Winners Returning/Lost:** 24/12

**2007 BIG EAST Individual Champions Returning/Lost:** 1/2

Ashlee Edgell, So. (200 IM)

**2007 NCAA Qualifiers Returning/Lost:** 4/4

Megan Farrell, So. (200 IM, 200 freestyle, 400-freestyle relay, 800-freestyle relay)

Caroline Johnson, Sr. (100 backstroke, 200-freestyle relay, 400-medley relay)

Claire Hutchinson, Jr. (500 freestyle, 1,650 freestyle)

Christa Riggins, Jr. (50 freestyle, 100 freestyle, 200 freestyle, 200-freestyle relay)

Megan Farrell returns as one of the top swimmers for the Irish. As a freshman, she competed at the NCAA Championships.

The loss of Irish standout Katie Carroll will undoubtedly be felt as the 2007-08 season kicks off. Carroll, who graduated in the spring of 2007, left as a two-time All-American in the 400 IM. She was also named the BIG EAST Most Outstanding Swimmer in both 2004 and 2007. While the loss of Carroll will be huge, especially at the conference level, Nixon is confident that returnees as well as newcomers will be able to work together to fill the gap.

"I think we did an excellent job these past two years knowing that the 2007 class would be exiting and knowing that it would be tough to replace them since they played such a big role in our success in the past," Nixon says. "I think we've really done a great job replacing those girls hand-for-hand in our freshmen and sophomores. We're really bottom heavy with a lot of sophomores and freshmen and they're going to play a big part in our success in the next four years."

Leading as team captains for the Irish will be seniors Katie Guida and Morgan Bullock. Both enter their fourth year with the team. They will be looked at by the whole team as role models and also positive attitudes.

Together with the team, Nixon hopes for the season to run smoothly, positively and overall successfully.

"I always say a happy swimmer is a fast swimmer," Nixon says. "When you feel good about practice, then you feel good about your team, teammates and coaches. In the end that equals fast swimming. You have to love it, love working hard and doing it unselfishly for your teammates, your school and representing all that comes with you. The girls have really embraced that this year so it should be fun to watch it throughout the whole season."

Here is a look at how the 2007-08 Notre Dame women's swimming and diving team will break down by event.

### Freestyle

The distance freestyle group will be led by junior Claire Hutchinson during the 2007-08 campaign. Hutchinson was a NCAA Championships qualifier in 2007, finding success in both the 500-meter and the 1,650-meter freestyle. Also looking to make an impact in the area will be sophomore Lexie Shue, who posted good times during her

freshman season, but was not able to compete at the BIG EAST due to injuries. Shue returns healthy for the Irish and Nixon expects her to add depth to the area.

"We have her (Shue) healthy now and we're just excited to see what she's capable of," Nixon says. "She had some very fast times coming out of high school and we weren't able to see those manifest themselves last season. We're thrilled to have her back in the mix of things this year."

Coming off NCAA Championships qualifications, two relay championships at the BIG EAST and an individual second-place showing at the conference level, junior Christa Riggins will be a staple for the Irish in the middle-distance freestyle events. Her quick improvements in the area has led her to become a leader for others on the team.

"Christa (Riggins) has been able to improve at an incredible rate with her times dropping significantly each season," Nixon says. "She just started swimming when she was a sophomore in high school, so she has a lot of room to improve and has really led the way. She continues to challenge others in practice and has really taken the reigns of the middle-distance group."

Coming into the sprints will be freshman Amywren Miller, a young athlete that Nixon believes will be able to contribute early on in her career. Miller joins the team with some of

the fastest times by an incoming freshman in the history of Notre Dame women's swimming. As a former swimmer with the Irish and the most decorated in the sports history, Nixon remarks, "they're even faster times than I had coming in," a true sign of the talent.

Returning in the area for the Irish will be senior Caroline Johnson. Johnson comes into her final season as an NCAA Qualifier

and five-time BIG EAST champion. Over her last three years, she has played a major role in relays for the Irish, being a member of three championship relay teams at the conference level last season.

### **Butterfly**

A new duo has arrived for the Irish with sophomore Keri Masterson and incoming freshman Kellyn Kuhlke. Masterson returns as the top swimmer for the Irish in the fly and she is joined by newcomer Kuhlke. Kuhlke comes in with great experience in the event, including a Texas state title in the 100 fly, a tough feat in a state filled with swimming talent. The two will work to fill a hole left by swimming standout Katie Carroll.

"They (Masterson and Kuhlke) are great training partners," Nixon says. "They work really hard together and push each other in practice. With that I think they'll be able to push each other the entire season and we'll be able to see great things from it."

### **Individual Medley**

After standout freshmen campaigns, sophomores Ashlee Edgell and Megan Farrell will return as the top-two competitors for the Irish in the IM. Edgell just missed making the cut for the NCAA Championships during her first season, but was victorious at the BIG EAST Championships, taking the title in the 200 IM, with Farrell close behind in

fourth place. Edgell also took third in the 400 IM at the conference meet, earning her two all-BIG EAST accolades. The two will work together to strengthen the Irish in the event, after the loss of Katie Carroll, a two-time All-American in the 400 IM.

“Ashlee will definitely lead the way for us in the IM,” Nixon says. “She’s a great kid with tons of potential. She’s tall and has a lot going for her and even last year we saw huge improvements in her times so I think she will be a main athlete for our team this year.”

## Roster Breakdown

### By Class:

**Seniors (7):** Bullock, Burke, Guida, Hopkins, Hyer, Johnson, Steenberge

**Juniors (4):** Hirt, Hutchinson, Riggins, Wagner

**Sophomores (13):** Bauza, Behrens, Duret, Edgell, Farrell, Gonzalez, Healey, Mancini, Masterson, Robak, Shanata, Shue, Stitt

**Freshmen (11):** Casey, Cronin, Gormley, Grossman, Kuhlke, Langnecker, Maxwell, Miller, Parisi, Reynolds, Sylvester

### By Stroke:

**Backstroke:** Bauza, Behrens, Bullock, Guida, Johnson, Parisi

**Breaststroke:** Burke, Duret, Gormley, Healey, Hopkins, Mancini, Maxwell, Miller

**Butterfly:** Burke, Casey, Hopkins, Kuhlke, Masterson, Shanata, Steenberge, Wagner

**Freestyle:** Bullock, Casey, Cronin, Edgell, Farrell, Guida, Hutchinson, Johnson, Kuhlke, Mancini, Masterson, Miller, Reynolds, Riggins, Shanata, Shue, Steenberge, Sylvester, Wagner

**Individual Medley:** Behrens, Edgell, Farrell, Hutchinson, Maxwell, Parisi

**Diving:** Gonzalez, Grossman, Hirt, Hyer, Langnecker, Robak, Stitt

## Backstroke

A top swimmer returning for the Irish in the backstroke will be senior Caroline Johnson. Johnson, who finished second in the 100 backstroke at the BIG EAST Championships, will find herself not only in a role as a top swimmer, but also a leader as she will be joined by freshman Lauren Parisi. Together, Johnson and Parisi will be looked towards to lead the event. Also joining them will be sophomore Maggie Behrens. Behrens surprised Nixon by being one of the strongest in the backstroke as she was the third fastest for the Irish in the 50 and the 100 backstroke.

“Maggie is someone that really surprised us last year,” Nixon says. “She’s done an excellent job training over the summer and I think she’ll be able to drop her times even more than she did last year. She’s really stepped up to this higher level and she’s doing a great job.”

## Breaststroke

Although a newcomer, Sam Maxwell will be looked towards to be the top swimmer in the breaststroke. Maxwell comes into the program with some of the best prep times in the event in the history of the program. Her times are even faster than graduate Julia Quinn who was the number-one swimmer for the Irish in the event last season. Maxwell will join senior Katie Hopkins along with another newcomer, Lizzie Gormley, to make up the core group in the breast.

## Diving

Sophomores Tiffany Robak and Natalie Stitt return as the top divers for the Irish, along with senior Tara Hyer and junior Lucy Hirt. Together, the four will be the lead divers throughout the 2007-08 campaign. Both Robak and Stitt competed on the national level at the NCAA Zone C Diving Championships with Robak finishing 16th in the three-meter and Stitt taking 12th in the same event. Both girls, along with Hyer played a major part at the BIG EAST Championships, bringing in a combined total of 77 points for the Irish team victory.

## Qualifying for the NCAA Championships

The NCAA Women's Swimming and Diving Championships have a fixed field of 320 swimmers, including 35 divers. The swimming field consists first of all student-athletes who have achieved an "A" qualifying standard in any event. Beyond that, entry is given to student-athletes with the best "B" qualifying standards in events with the fewest "A" qualifiers until all the events have an equal number of entrants. From there, additional "B" qualifiers are added in order, one per event at a time, until the field

size of 320 is reached. If a complete additional round of next-best qualifiers will put the field over 320, the times that are closest in percentage terms to the national record are given the final spots in the field. Any student-athlete in the field may enter and compete in a maximum of three events.

For instance, if there are four "A" qualifiers in the 100 backstroke, 10 in the 100 butterfly, and between four and 10 in every other event, then the top "B" qualifying times will be given

entrance until every event has 10 participants in it. From there, the next best "B" time is added in each event, one by one, until the field is full. If not enough spaces remain to take the next entire round of "B" qualifiers, those swimmers' times are compared in percentage terms to NCAA records in the events and taken in order until the field is full.

In relay competition, teams with the top 13 times in each relay earn invitations to the meet. In addition, a team with four qualifiers also may compete in any relay in which it posted a "B" qualifying time at some point throughout the year, even if the NCAA qualifiers did not participate in the "B" time.

The diving field is determined by performance at five NCAA zone meets, which take place two weeks prior to the NCAA Championships. A student-athlete qualifies for the zone diving meet by registering a performance in which she scores points equal or better than the qualifying standard. Each zone sends a minimum of four divers to the NCAA meet, with the zones that had better performances at the previous year's NAAs getting additional entries. In 2008, Zone C, in which Notre Dame competes, will send seven divers to the NCAA Championships. Once in the 35-diver field, a student-athlete may compete in both the one- and three-meter springboard events, but can only take part in the platform competition if she participated in it at the zone meet.

# NOTRE DAME COACHING STAFF

*Head coach Carrie Nixon and assistant coach Joel White embark on their third season as the leaders of the Notre Dame women's swimming & diving team. Nixon carried on the great Irish tradition last season, as she led Notre Dame to its 11th consecutive BIG EAST swimming & diving title.*

**Carrie  
Nixon**

**Head Coach  
Third Season  
Notre Dame '02**

Carrie Nixon, one of the most decorated student-athletes in any sport in University of Notre Dame athletics history and an Irish assistant women's swimming coach in 2004-05, was named the fourth head women's swimming and diving coach in Irish history on May 13, 2005.

A 2002 Notre Dame graduate and former NCAA 50-meter freestyle record-holder who won 18 BIG EAST Conference titles and earned All-America honors on 12 occasions, Nixon is the first female student-athlete from Notre Dame ever to be hired at her alma mater as a head coach.

In her eight-year affiliation with the program - as a swimmer from 1997-98 to 2001-02, an assistant coach in 2004-05 and the head coach from 2005-07 - Nixon has helped Notre Dame win the BIG EAST championship each season. Additionally, the Irish have been in the top 30 at the NCAA Championships in all but one of those eight years - and they have been a regular presence in the national rankings, including the program's first-ever top-10 ranking in 1999-2000. Individually, the Nixon years have seen the Irish post 72 first-place finishes at the BIG EAST meet, earn 55 invitations to the NCAA Championships, and cop eight All-America accolades and 32 more honorable-mention All-America citations. Seventeen of the 19 current Notre Dame swimming records were set during Nixon's affiliation with the Irish.

"Carrie has a tremendous understanding of and appreciation for Notre Dame and specifically for Notre Dame swimming," says Notre Dame athletics director Kevin White. "She has been a huge part of the success of our program, both in and out of the pool, and she knows what is required when it comes to competing at the elite level of women's collegiate swimming. Carrie's vision for our program and where it's headed dovetails perfectly with our expectations for the

future of women's swimming at Notre Dame."

Nixon was named head coach of the program in May of 2005 and continued the programs unparalleled success in her second season leading the Irish. Her team, led by All-American Katie Carroll, won its record setting 11th consecutive BIG EAST title with an outstanding 228-point victory over Rutgers (758-530). Nixon coached the women's team to 10 individual and two relay BIG EAST championships and took her team onto the national scene where the Irish finished 27th at the NCAA Championships with 25 points. Along with Carroll, the Irish sent seven additional swimmers to the national meet, the second-largest number in Irish women's swimming history. The Irish finished the season with an 8-1 record in dual meets and ranked 19th nationally in the dual-meet pool by the College Swim Coaches Association of America (CSCAA). Her hard work and determination did not go unnoticed as she was named the 2007 BIG EAST Women's Swimming Coach of the Year.

Individually it was senior Katie Carroll that led the Irish during the 2007 season. Under Nixon's tutelage she earned her second All-America honor in the 400-yard individual medley, the same event Carroll became an All-American in during her sophomore campaign in 2005. Carroll finished seventh, but her success continued onto the second day of competition at the NCAA Championships where she finished 12th in the 200-yard butterfly, setting a Notre Dame record in the prelims with a time of 1:58.39 and earned her fourth honorable-mention All-America accolade.

Her first year as head coach saw the Irish set two school records (200 freestyle and 200 medley relay), while bringing home two individual titles at the BIG EAST Championships (400 IM and 200 breaststroke) and 37 all-BIG EAST selections. Her team, due to a poorly timed illness at the NCAA Championships, scored four points to place 41st at the NCAA meet. The Irish finished the season ranked 24th nationally and was 6-2 in dual meets during the 2005-06 campaign, with both losses coming to ranked teams.

Nixon returned to her alma mater in June 2004 to become an assistant coach. In her first year back at Notre Dame, Nixon helped the Irish to various heights, including winning 11 of 20 events - the second-most ever by Notre Dame in the meet - in cruising to a ninth consecutive BIG

Carrie Nixon became the 28th former Notre Dame student-athlete to be hired as a head coach at their alma mater. In 2007, she was named BIG EAST Women's Coach of the Year.

EAST championship with 804 points, the second-highest total in program history. Notre Dame then scored 32 points at the NCAA meet - its third-highest total ever - en route to a 24th-place tie in the team standings. The Irish were ranked as high as 21st in the College Swimming Coaches Association of America (CSCAA) national dual-meet poll. Notre Dame went 6-3 in dual meets, with all three defeats coming against nationally-ranked squads.

The 2004-05 squad was just the second in Notre Dame history to feature an All-American in both swimming (sophomore Katie Carroll) and diving (fifth-year senior Meghan-Perry Eaton). The only other squad to have achieved that was the 2001-02 team, for which Nixon was the swimming All-American.

The Irish also excelled academically in Nixon's first year on staff, as they ranked 29th in Division I in team grade-point average in the fall semester (3.22) and were one of just five schools to rank in the top 30 in both fall GPA and at the NCAA Championships. The Irish saw senior Kelli Barton selected as one of the University's three nominees for the College Sports Information Directors of America (CoSIDA) Academic All-America women's at-large program. Formerly tabbed an Academic All-American by the CSCAA after reaching the NCAA Championships in 2002, she compiled a 3.934 GPA, having been named to the Dean's List in all seven of her semesters.

Individually, the 2004-05 campaign saw some of the top performances in program history, as well as marked improvement for Notre Dame's top student-athletes. Carroll turned in the sec-

*"Notre Dame is about a lot of things - tradition, community, service, family, commitment, hard work, loyalty, passion, strength - but it's also so much more. Each person who passes through this place feels some incredible sense of ownership as they leave their mark - touched in some way by the magic that surrounds campus. Notre Dame is about PRIDE. Pride in our country, pride in our families, pride in our body of work. It's about feeling great when you're here and longing for it when you're away."*

*"You see, to me, bleeding blue and gold means giving back. It means returning the favor to all those who made your experience what it was, and gifting your good fortune to the next generation. That's why I became a coach in the first place - to help new athletes feel the same pride and strength from their hard work - and it's why, when given the chance to return, I didn't flinch. Having the honor now to lead this Irish team, to take everything I have learned and give it back to the team that I love - simply amazing. Simply perfect."*

ond-highest finish ever by an Irish swimmer at the NCAA meet - behind only Nixon's 50-free swim in 2000 - in taking sixth in the 400 individual medley. She also broke her own Irish records in both the 200-yard individual medley and the 400-yard IM, while posting a then lifetime best in the 200 butterfly at the NCAA meet, as well. Carroll was the BIG EAST Championships high-point scorer, and she nearly joined Nixon in the elite club of Notre Dame swimmers to have won seven titles in seven swims at the BIG EAST meet, ending up with six race victories.

Perry-Eaton turned in the second-best result ever by a Notre Dame diver in the national championships (fifth in one-meter action) and tied conference records by both winning her fifth-career BIG EAST diving title and being named the league's Most Outstanding Diver for the third consecutive year. In her final meet, Perry-Eaton broke the Rolfs Aquatic Center championship-meet records off both springboards. She also broke her own one-meter dual-meet school record and claimed the BIG EAST Championships record in three-meter action.

The 2004-05 squad reasserted Notre Dame as the dominant relay force in the BIG EAST, as the Irish won four of the five relays after taking first in just three total relays since Nixon's graduation. The highlight was the 800 free relay, which broke the Notre Dame record with a time of 7:16.95 and just missed a trip to the NCAA meet, ending up as the 16th-fastest in Division I (the top 13 make the national championships).

Nixon was previously an assistant coach for the Clemson University men's and women's teams in 2003-04, serving as coordinator of recruiting, while working primarily with the sprinters, butterflyers, and IMers in the pool.

She helped the Tigers to an outstanding season, as both squads finished among the top 40 at the NCAA Championships (men tied for 35th, women 39th). The Clemson men, who scored points in the NCAA meet for the first time since 1989, were 13-2-1 (4-1-1 in Atlantic Coast Conference competition) in dual-meet action, registering

their highest victory total in the 52-year history of the program before winning two titles and taking fourth place at the ACC Championships. The women's team was 10-5 (1-4 in the ACC) - its highest win total since 1988 - and finished fifth in the ACC meet.

Three Clemson swimmers earned invitations to the NCAA meet, with a pair of them named honorable mention All-America. The Tigers also had one CoSIDA Academic All-American. A total of nine Clemson records fell during the '03-'04 campaign, seven on the men's side plus two women's marks. Among her other duties at Clemson, Nixon was the webmaster for its swimming and diving alumni internet site and the organizer of the Tigers' first annual alumni meet.

Five years after graduating, Nixon remains one of the most accomplished Notre Dame student-athletes in any sport. During her time at Notre Dame, she was tabbed an All-American twice and on 10 other occasions named honorable mention All-America, with that total of 12 All-America citations standing as the most in program history. She won 18 BIG EAST titles - six individual and 12 relays - standing one shy of the Irish record for any sport. In 2000, Nixon set the NCAA record in the 50-meter free (24.99), became the first Irish swimmer to be the top qualifier in any event at the NCAA Championships, and finished fourth at the NCAA meet in the 50 free, a result that still stands as the best ever by a Notre Dame swimmer. She also was tabbed the BIG EAST Championships Most Outstanding Swimmer that year after finishing first in all seven of her events (50 free, 100

free, 100 fly, 200 and 800 free relay, 200 and 400 medley relay), an accomplishment still unequaled in Irish history.

Nixon, who missed the 2000-01 season with a shoulder injury, remains the Notre Dame record-holder in the 50 (22.39) and 100 free (49.18), as well as the 100 butterfly (54.07). She continues to hold the 10 best times in program history in the 50 free, as well as the top nine in the 100 free. Nixon also swam on three relay teams that still hold Irish records: the 200 free (1:32.01), 400 free (3:21.25) and the 400 medley (3:40.98). The BIG EAST Championships records still feature her in three events - 50 free (22.58), 200 free relay, and 400 medley relay - and her time of 22.94 in the 50 in the 1998 Notre Dame Invitational is the quickest in Rolfs Aquatic Center history, as is the 3:45.77 mark by the 400 medley relay team she anchored in the 2001 Shamrock Invitational.

Nixon, three times voted Notre Dame women's swimming MVP, also participated in the United States Olympic Trials in 2000, taking 21st in the 50-meter freestyle and finishing in the top 40 in both the 100 free and 100 fly.

She graduated in May of 2002 from the College of Arts and Letters as a pre-professional studies/anthropology and computer applications double major. As a senior, Nixon was honored with the Francis Patrick O'Connor Award, which each year recognizes one female and one male Notre Dame student-athlete who best exemplify the spirit and leadership the University embodies in their actions and inspirations to their respective teams.

Born Sept. 20, 1978, in Montrose, Colo., Nixon graduated from Ouray High School in Ouray, Colo., as its valedictorian in 1997. She was a five-time Colorado state champion for the Montrose High School swim team, on which she competed because Ouray did not have one. She won three state championships in the 50 free and a pair in the 100 free. Nixon was named the 1996 Colorado Sportswoman of the Year and the Colorado high school swimmer of the year in '97. Upon enrolling at Notre Dame, she held 10 state summer club records and a pair of Colorado prep records. She also set all but two school records while at Montrose. Nixon was recruited by a number of top collegiate swim teams, as well as various top Division I volleyball programs.

Additionally, Nixon placed 25th in the 50 free at the senior national meet in Fort Lauderdale in 1996 and was second in both the 50 and 100 in the 1997 NISCA National High School Championships. Nixon was active in club swimming first for the Ouray Swimming Team and then for the Montrose Marlins club, coached by Silas Almgren.

Upon graduation from Notre Dame, Nixon returned to her native area and served as an assistant coach for the Ouray High School volleyball team and the Ouray club swimming team, instructing children from six to 17 years of age in the latter pursuit. She also has served as a counselor and coach at the Notre Dame summer swimming camp on four occasions (1999-2001, '03).

Nixon will lead a program that has scored points in the NCAA meet in each of the last 12 years (and 16 of the last 18), finishing in the top 25 seven times in the last 11 years. Notre Dame has won 11 consecutive BIG EAST titles, which is an Irish record for the longest string in conference history in any sport.

*Carrie Nixon ended her career in 2001-02 as one of the most accomplished and decorated student-athletes in Notre Dame history. She was a two-time All-American, 10-time honorable mention All-American and won 18 BIG EAST championship titles.*

## Caiming Xie

Diving Coach

13th Season

Beijing Institute of  
Physical Education '85

Now in 30th year of his career as a diving coach, Caiming Xie has helped his protégés win BIG EAST titles, All-America honors and gold medals. A proven winner, Caiming's experience reaches all over the world and he is in his 13th season as head women's and men's diving coach at Notre Dame.

During his tenure, he has molded the top two divers ever to compete for the Irish - Heather Mattingly and Meghan Perry-Eaton - who combined for five BIG EAST titles, seven appearances in the NCAA Championships, and eight All-America citations. The duo also holds all six of the Notre Dame diving records, as well as four Rolfs Aquatic Center records. He also has coached the top two men's divers in school history.

For his efforts, Caiming, the first full-time diving coach in Notre Dame history, has been named his

conference's top diving coach on five occasions, including in the BIG EAST in 1999, 2004, 2005, 2006 and 2007. The last five seasons have been the most successful in Irish women's diving history, featuring five BIG EAST titles, five All-America honors and three BIG EAST Championships Most-Outstanding-Diver awards.

In 2006, Caiming molded two women's divers into all-BIG EAST performers in the three-meter dive as freshman Lucy Hirt was the runner up while her sophomore teammate Tara Hyer placed third in the same event at the BIG EAST Championships. For his efforts, Caiming captured his fourth BIG EAST Coach of the Year Award.

From 2003-05, Perry-Eaton turned in the most impressive two-year stretch ever by an Irish diver, as she was beaten just one time during the regular season before sweeping the springboard events at the 2004 and 2005 BIG EAST Championships en route to being tabbed the meet's top diver. Perry-Eaton was the first Notre Dame diver ever to win a title at the NCAA Zone C Championships in 2004, taking first off the one-meter board. At the NCAA Championships, she delivered the highest-ever finish for a Notre Dame swimmer or diver, taking third in that event, ending up just 3.30 points behind the national champion to become an All-American. She followed up with a fifth-place finish in one-meter diving at the '05 NCAA meet.

In 2002-03, Perry-Eaton became the first Notre Dame diver - and first non-University of Miami diver since 1996 - to win a BIG EAST championship, placing first in the one-meter competition. She also was second on the three-meter board and was named the BIG EAST's top diver - her first of three consecutive diver-of-the-year awards. Perry-Eaton then qualified for the NCAA Championships, where she placed ninth in the one-meter event and 20th on the three-meter board to earn honorable mention All-America honors.

Perry-Eaton finished her career holding four of the six Notre Dame diving records: six-dive one-meter in both dual (322.64) and championship (331.58) action, as well as 11-dive, three-meter championship competition (586.43) and 10-meter platform championship action (336.60). Additionally, she boasts Rolfs Aquatic Center records in both six-dive one-meter formats (322.64 dual, 315.25 championship), as well as for dual-meet three-meter action (333.82). Her score of 309.20 in one-meter diving in 2003 en route to winning her first BIG EAST title stands as the highest since the switch to a six-dive format in championship meets in 2000-01.

Heather Mattingly was the first Irish diver to earn All-America honors, as she was a four-time honorable mention selection before being named an All-American in three-meter action in 2002 with an eighth-place finish. Mattingly was the first Notre Dame diver to qualify for the NCAA Division I Championships, and she earned bids to the meet in each

of her four collegiate campaigns. Mattingly also had a great deal of success in the NCAA zone meet, taking second in one-meter action in 1999, in addition to third-place results in three-meter competition in both '99 and 2002. She still maintains two Notre Dame records: for 10 dives in a championship meet off the one-meter board (425.40) and for six-dive, three-meter action (351.15). Her score of 550.55 in winning the three-meter competition in the 2000 Notre Dame Invitational also is the best in the history of Notre Dame's home facility.

Before coming to Notre Dame, Caiming was the head diving coach for three years at Toledo, earning Mid-

American Conference diving-coach-of-the-year laurels in each of his last two seasons. Prior to his stint with the Rockets, Caiming was an assistant coach for the 1991-92 season at Pittsburgh. Boasting a wealth of international experience on his résumé, Caiming served as the 1980 Chinese Olympic diving coach. He also was a technical consultant for United States Diving since 1994 and has held clinics and presentations for the United States Diving national team.

The Chinese national team coach from 1977-90, Caiming coached Sun Shu-Wei, a gold medalist in the men's platform competition at the '92 Olympics in Barcelona, Spain, and Zhu Jin-Hong, who finished fourth in the women's platform in Barcelona. Caiming's divers also have earned medals at the Asian Games, World Cup, World University Games, and World Championships.

A competitive diver in his own right, Caiming won the springboard competition at the Asian Games in 1974 and earned first place in the platform and second in the springboard competition at the National Games of China in 1975. A 1985 graduate of the Beijing Institute of Physical Education, he also won numerous Chinese diving championships. Caiming and his wife, Ping Tong, have one son, Tong, who graduated from Notre Dame in 2003 after a successful career as an Irish diver.

## Assistant Coach

**Joel White**

**Assistant Coach  
Third Season  
Wisconsin-Milwaukee '02**

Joel White is in his third season as an assistant coach with the Notre Dame women's swimming and diving team.

After one successful season at Notre Dame as an assistant, White worked closely with the team as it clinched its 11th consecutive BIG EAST Championship in 2007, setting a new BIG EAST record for the longest string in conference history in any sport. He assisted in the grooming of senior Katie Carroll as she earned her second All-America honor in the 400-yard individual medley with a seventh-place finish at the 2007 NCAA Championship.

Also at the 2007 national meet, White helped guide the team to a 27th-place finish. The Irish sent eight individuals to the competition, the second largest in school history.

In his first season with the Irish, White aided Notre Dame in winning its 10th consecutive BIG EAST Championship. He helped coach two BIG EAST champions (Katie Carroll-400 IM and Julia Quinn-200 breaststroke) and 12 Irish swimmers and divers that were all-BIG EAST in 37 events.

Previous to the working with Notre Dame, White worked as an assistant at Utah.

The women's team enjoyed a banner year at Utah in 2004-05, finishing the dual meet season 9-0 and 7-0 in Mountain West Conference competition. The team also claimed its first MWC regular-season title and finished third at the conference championship meet, setting nine school records at the conference competition. Combined, the Utah men's and women's team earned 39 all-

conference individual honors and six relays also earned all-conference accolades from the Mountain West. Utah also was solid outside of the pool, earning 26 academic all-conference certificates in 2004-05.

A native of Austin, Texas, White has been highly active in the University of Texas swimming program, working the program's summer camp from 2000-2005. White also was the head swimming coach at Homestead High School in Mequon, Wis., from 2001-03, leading the team to nine All-America honors, five individual state championships and two relay state titles.

White graduated from Wisconsin-Milwaukee in December of 2002 with a degree in mechanical engineering. He swam all four years at UWM and was a nine-time conference finalist and team co-captain in 1999-200 and 2000-01. He specialized in the 400 individual medley, 500 freestyle and 200 backstroke during his collegiate career. White finished eighth at the 2001 Horizon League Championship in the 200 backstroke and ninth in both the 500 freestyle and 400 individual medley.

In 1998-99, White finished fifth in the 400 IM at the Horizon League (then called the MCC) and also competed in the 500 freestyle (ninth) and 1,650 freestyle (12th). He earned the team's Captain's Award at the conclusion of both his freshman and sophomore seasons.

White also added a master's degree from the University of Utah in exercise and sport science with an emphasis in psychosocial aspects of sport in May of 2005.

It's the spirit of service and tradition.  
Of faith and family.  
Of wisdom and leadership.

And each time you give to Notre Dame,  
you ensure it's a spirit  
that will live on for generations.

Pass it on.

## *Give a Gift and Leave a Legacy*

Character, academics, spirituality and athletics. These words represent the core of Irish Athletics. This makes us different. As Fr. John Jenkins so eloquently stated, "Our difference is not a detriment. It is an asset that will make our contribution more distinctive, more exemplary, more valuable. We welcome the challenge."

The Rockne Heritage Fund represents an opportunity to acknowledge those differences; to applaud, support and encourage the direction in which we are headed; to provide the resources our student-athletes need to compete at the very highest level; to ensure that the Notre Dame spirit lives on for generations.

Alumni, parents, friends, students, faculty and staff are among those who have generously supported the Rockne Heritage Fund and we are grateful.

In January our recognition society, the Director's Circle, announced a second giving level: Irish Legends. We have generous donors who have made \$5,000, \$10,000 and \$25,000 gifts who are now recognized at this new level.

## *Director's Circle*

### TRADITIONAL

- \$1,500-\$4,999 annual gift qualifies you for a Traditional membership in the Director's Circle.

### IRISH LEGENDS

- \$5,000 minimum annual gift qualifies you for an Irish Legends membership in the Director's Circle.

### FOOTBALL TICKET BENEFIT

- All Director's Circle members receive a "special contributor status" in the football ticket lottery, with improved chances for success in obtaining tickets to multiple home football games.
- Director's Circle members at the Irish Legends level receive additional consideration in the football ticket lottery and also qualify for the parking pass lottery.

### HOW TO MAKE A GIFT

- Send a check payable to the Rockne Heritage Fund; P.O. Box 519; Notre Dame, IN 46556.
- Make a gift online at [supporting.nd.edu](http://supporting.nd.edu) and include "Rockne Heritage Fund" in the comments section.
- Specify if your employer has a matching gift program.
- Notre Dame employees may request a payroll deduction form.

SUPPORTING THE SPIRIT OF  
NOTRE DAME CAMPAIGN

# NOTRE DAME **SEASON REVIEW**

*The Irish defeated Rutgers by 228 points to take the 2007  
BIG EAST title. The string of 11 consecutive championship  
titles is the most by any program in conference history.*

## Irish Remain Successful and Show Dominance During 2006-07 Season

*The Notre Dame women's swimming and diving team wrapped up the season by capturing 11th-consecutive BIG EAST championship and sending eight to the NCAA Championships*

Senior Katie Carroll was recognized as the women's BIG EAST Most Outstanding Swimmer.

The Notre Dame women's swimming and diving team did it again. Under second-year head coach Carrie Nixon, the Irish captured a record-setting 11th-consecutive BIG EAST Championship. The string of championship titles is the most the most consecutive wins by any program in conference history.

Led by senior Katie Carroll, the Irish prevailed over Rutgers by 228 points, totaling 758 points, to take the championship crown. Carroll was named the Women's BIG EAST Most Outstanding Swimmer after taking the victory in four events—the 800-freestyle relay, 200-freestyle relay, 500-freestyle and 400 IM. Through the duration of the meet, Carroll earned seven all-BIG EAST honors, taking her total to 28. Her all-time total was a new Irish record for BIG EAST action.

During the championships, the Irish captured seven BIG EAST titles between eight swimmers in both individual and relays events. The team also earned 32 all-BIG EAST accolades amongst 12 swimmers and divers.

The Irish were able to set three school records at the championships, two relays and two individuals. Making new marks for the Irish in the record books were Christa Riggins (200 free), Carroll (400 IM) and the 800-free relay (Riggins, Casey Wagner, Megan Farrell, Carroll) and 200-free relay (Caroline Johnson, Riggins, Carroll, Rebecca Grove).

To end the meet, in only her second season as the Notre Dame women's swimming and diving head coach, Nixon was honored as the Women's BIG EAST Coach of the Year. The awards and records accumulated at the meet showed true domination by the Irish.

Following the conference meet, eight Irish athletes set off for the NCAA Swimming and Diving Championships. It was the most swimmers sent to the national meet since 2002 and also was the second-largest group to travel to the meet in Notre Dame history. It was the 12th-consecutive season the women's swimming and diving team has sent athletes to the national competition.

Leading Notre Dame once again was Carroll.

The Toledo, Ohio, native earned her second All-America honor with a seventh-place finish in the 400 IM with a time of 4:12.47. She also received Honorable Mention All-America accolades in the 200 butterfly with a time of 1:58.10 in her 12th-place finish. During the preliminaries of the event, Carroll set a new Irish record with her time of 1:57.58, crushing the previous record of 1:58.39 set by Lisa Garcia in 2002.

To round out the seven competing at the NCAA Championships alongside Carroll were fellow seniors Rebecca Grove, Ellen Johnson and Julia Quinn, junior Caroline Johnson, sophomores Claire Hutchinson and Christa Riggins and freshman Megan Farrell. Together the team scored 25 points to finish 27th, blowing

During the regular season, the Irish were able to find dominance as well. The team pulled out with an 8-1 dual meet record for the 2006-07 campaign. The Irish suffered their only loss on the season to Penn State, which went on to place second in the Big Ten Conference meet. One of the greatest performances by the team during the season, will also go down in school history.

In January, the Irish solidly defeated Oakland, 310-54 during the Shamrock Invitational. The 310 points scored by the Irish shattered the previous team record of 248 points as the most points scored in a dual meet. The victory also set a new record for highest-point margin with a 256-point lead over Oakland. The previous record was set at 211 points during the 1999 campaign.

Here are some highlights from the 2006-07 regular season.

#### Dennis Stark Relays

The Notre Dame women's swimming and diving team began the 2006-07 season with a 91-point victory at the Dennis Stark Relays on Oct. 6 in the Rolfs Aquatic Center. The women scored 273 points, won 12 of 13 events and set four meet records in the relays setting.

The Irish women dominated the swimming events sweeping all 11 and taking one of the two diving events. The only Irish non-victory was a second place finish in the women's synchronized diving competition.

#### Notre Dame vs. Purdue

The No. 20 Notre Dame women's swimming and diving team (1-0) opened the 2006-07 dual-meet season with a 70-point win (185-115) over No. 25 Purdue (0-1) on Nov. 3 in the Rolfs Aquatic Center. The women scored 185 points and won 12 of 16 events while setting two school and a pool record.

Senior Katie Carroll set the first Irish record in the 200-yard freestyle in a time of 1:48.24. Carroll broke her own school record set last season. The mark was also a new pool mark

and a NCAA "B" standard as well. Carroll also won both the 100-yard freestyle (51.06) and the 200-yard individual medley (2:02.93). The 200 IM time was also a NCAA "B" standard.

Sophomore Claire Hutchinson set the second Notre Dame school record of the afternoon in the 1,000-yard freestyle with her time of 9:52.98. The mark broke Linda Gallo's mark set in 1998.

#### Notre Dame vs. Michigan State

No. 20 Notre Dame continued the strong start to the 2006-07 dual-meet season with a 69-point win over Michigan State on Nov. 10 in the Rolfs Aquatic Center. The women scored 155.50 points and won 10 of the 13 events.

#### Notre Dame vs. Pittsburgh

No. 20 Notre Dame captured another team title with a 76-point win (188-112) over Pittsburgh on Nov. 11 in the Rolfs Aquatic Center. The women scored 188 points and won nine of the 16 events while setting one school record.

Senior Katie Carroll captured the 1,000-yard freestyle victory in a school-record time of 9:49.80. This was the second time the school record had been broken during the season and was at the time the second-fastest time in this event in the NCAA during the season.

#### Minnesota Invitational

The No. 20 Notre Dame women's swimming and diving team had a steady final day of the Minnesota Invitational on Nov. 19 in Minneapolis, Minn., by taking the meet win over second-place Tennessee. The Irish totaled 889 points to edge the Volunteers by 83 points in the 41-event competition.

#### Notre Dame at Hawai'i

No. 19 Notre Dame received strong individual performances from senior Katie Carroll in the dual-meet victory against Hawai'i in Honolulu, Hawai'i on Jan. 4. The Irish defeated Hawai'i 142-99.

Notre Dame won eight of the 13 events over the Rainbow Wahine.

Carroll won both the 200-yard butterfly (2:03.02) and the 200-yard freestyle (1:50.30), for her ninth and 10th individual victories of the season. Carroll also was part of the 400-yard freestyle relay team that won their event in a time of 3:27.98. The other three members of the team were senior Rebecca Grove, junior Caroline Johnson and freshman Megan Farrell.

#### Michigan Invitational

The No. 19 Notre Dame women's swimming and diving team had a steady second day at the Michigan Invitational to top a higher-ranked opponent, on Jan. 13. The women scored 1,074 points to place second behind No. 13 Indiana's 1,460.5 points and ahead of No. 10 Michigan's 1052.5 points and Illinois' 417 points.

#### Shamrock Invitational

No. 19 Notre Dame had a solid final day at the Shamrock Invitational on Jan. 27 in the Rolfs Aquatic Center. The Irish defeated three of the four invited teams to improve their record to 7-1 on the season. Notre Dame defeated Oakland (310-54), Connecticut (293-76) and West Virginia (222.50-147.50) and fell to No. 15 Penn State (213.50-156.50).

Seniors Katie Carroll and Julia Quinn, both swimming for the final time in the Rolfs Aquatic Center, exited in style by setting pool records. Carroll smashed her previous pool record by over ten seconds in the 1,650-yard freestyle with her time of 16:27.48. The mark is also the third-fastest time an Irish swimmer has ever registered in the event and Carroll's career best. Quinn also swam well with a new pool record in the 200-yard breaststroke. Quinn's mark of 2:16.26 broke the previous mark set by Julia Hardy in 2005.

#### Notre Dame at Louisville

No. 19 Notre Dame ended the dual-meet regular season, with a 154-89 victory over BIG EAST rival Louisville on Feb. 3 in the Ralph Wright Natatorium. The Irish women claimed victory in 12 of 13 events to improve their season record to 8-1 on the season. The eight wins in dual-meet competition marked the 15th time the Irish totaled eight or more dual-meet victories in a season.

*Junior Christa Riggins was a top competitor for the Irish during the 2006-07 season, earning BIG EAST honors in the 200-yard freestyle and competing in five races at the NCAA Championships.*

# On the Road with the Irish

Since 1981-82, the Notre Dame women's swimming and diving team has traveled to 28 states, the District of Columbia, Mexico, Ontario, Puerto Rico, the Virgin Islands, and Saint Lucia. Notre Dame's widespread travel is befitting of a student body and swimming and diving roster that draw from all corners of the United States, as the program has included student-athletes from 35 states and six foreign countries. ## BIG EAST Championships

*Wednesday - Saturday, Feb. 20-23, 2007*

*East Meadow, N.Y.*

*Nassau County Aquatics Center*

**Teams Participating:** All 12 BIG EAST teams, providing they have athletes that meet qualifying standards.

**ND History in Event:** After finishing third in their initial appearance (1996), Notre Dame has won each of the last 11 BIG EAST titles. The latest championship in 2007 earned head coach Carrie Nixon BIG EAST Coach of the Year honors as she lead the Irish to a 228-point victory over Rutgers. Leading the way in BIG EAST titles is 2002 graduate Kelly Hecking, a 19-time conference champion who won the 100 backstroke during all four of her seasons. Current head coach Carrie Nixon ('02) was an 18-time BIG EAST champion, while 2000 graduate Elizabeth Barger won 11 titles and her classmate, Shannon Suddarth, was victorious eight times. The Irish also have been recognized for excellence by the conference on various occasions, as former Irish head coach Bailey Weathers was tabbed the BIG EAST Coach of the Year five times (1997-99, 2001-02, 2005) and Caiming Xie has been the 2004-2007 conference diving coach of the year. Three Irish student-athletes - Linda Gallo (1998), Nixon (2000), and Katie Carroll (2004, '07) - have been the BIG EAST Championships Most Outstanding Swimmer, while Meghan Perry-Eaton was the meet's Most Outstanding Diver from 2003-05.

## NCAA Zone C Diving Championships

*Friday - Saturday, March 14-16, 2007*

*Columbus, Ohio • Canham Natatorium*

**Host School:** Ohio State

**Teams Participating:** Teams from Zone C that have divers who meet qualifying standards.

**ND History in Event:** Notre Dame has consistently sent divers to this meet, and seven times they have advanced on to the NCAA Championships. Heather Mattingly was a four-time qualifier from 1999-2002, while Meghan Perry-Eaton earned three bids from 2003-05. Perry-Eaton became the first Irish diver ever to win an event in the meet in 2004, when she beat the field in the one-meter springboard competition.

## NCAA Championships

*Thursday - Saturday, March 20-22, 2007*

*Columbus Ohio • Canham Natatorium*

**Host School:** Ohio State

**Teams Participating:** Teams that have individuals meet qualifying standards.

**ND History in Event:** Notre Dame has qualified student-athletes for every meet but one since 1990, including in each of the last 11. It has finished in the top 25 six times in the past 10 seasons, highlighted by two top-20 results (18th in 2000, 19th in '02). Diver Meghan Perry-Eaton registered the best-ever individual finish for a Notre Dame competitor in the NCAA meet when she finished third in one-meter-springboard action in 2004 with a score of 303.90 that was just 3.30 points behind the national champion. The best individual performance by an Irish swimmer was a fourth-place result turned in by current head coach Carrie Nixon in the 50-meter freestyle in 2000. In preliminaries, Nixon posted a time of 24.99 that set an NCAA record. The top finish for an Irish relay team also came in that meet, as Kelly Hecking, Liz Barger, Shannon Suddarth, and Nixon took ninth in the 400-meter medley relay with a time of 4:07.00. A total of 25 different Irish student-athletes (23 swimmers, two divers) have earned invitations to the NCAA Championships. Leading that group is a quintet of four-time qualifiers: Hecking, diver Heather Mattingly, Nixon, Suddarth, and Tanya Williams. In 2007, Irish senior Katie Carroll led the team, earning her second All-America honor in the 400-yard individual medley.

# NOTRE DAME HISTORY & RECORDS

*Katie Carroll concluded her Notre Dame career in 2007 as one of the most decorated swimmers in program history. Carroll garnered seven All-America honors and was a 15-time BIG EAST champion.*

Linda Gallo  
1997

Andrea Bonny  
1984

Jeanine Blatt  
1982

The most prestigious honor awarded to a Notre Dame student-athlete, the Byron V. Kanaley Award has been presented each year since 1927 to the senior monogram athletes who have been most exemplary as both students and leaders. The awards, presented by the Faculty Board on Athletics, are named in honor of a 1904 Notre Dame graduate who was a member of the Irish baseball team as an undergraduate. Kanaley went on to a successful banking career in Chicago and served the University as a lay trustee from 1915 until his death in 1960.

*Erin Brooks represented the United States and Notre Dame in the 1997 World University Games and came home with a bronze medal in the 200 backstroke.*

*Current senior Natalie Burke, from Cape Town, South Africa, competed in her home country's Olympic trials in 2004.*

part in the Olympics, matching her 32nd-place finish in the 200 fly.

In addition to that pair of Olympians, 26 Irish student-athletes have competed in U.S. Olympic Trials and four more have swum in their native country's trials. Backstroker Erin Brooks, a 1997 graduate, represented the U.S. in the '97 World University Games and came home with a bronze medal in the 200 backstroke. Notre Dame also has a long history of swimmers and divers who have qualified or competed in the USA Swimming Senior National Championships, as nearly 60 future, current, or former Irish competitors have done so.

## All-Time Series

Karli Richards helped Notre Dame to a 7-0 record against Big Ten opponents during her monogram seasons (1999-2000), including two wins apiece against Michigan, Illinois and Northwestern.

Former Irish swimmer Amy Deger (2000-03) aided Notre Dame to its largest ever margin of victory in a dual meet with a 223-77 win over Pittsburgh in 2001.

Equipment necessary for the latest diving training techniques, including a trampoline, is located in the diving area. The Rolfs Aquatic Center diving well contains two one-meter boards and two three-meter boards.

The Irish swimming and diving teams compete in the state-of-the-art Rolfs Aquatic Center. After four years of varsity intercollegiate swimming competition in the Rockne Memorial Pool, the Notre Dame women's swimming and diving program entered a new era in 1985, as they moved to the \$4.5-million natatorium located in the Joyce Center.

Donated by brothers Thomas and Robert Rolf of West Bend, Wis., the Rolfs Aquatic Center provides Notre Dame with a modern, innovative facility on par with any other in the country. Ellerbe Architects and Engineers of Bloomington, Minn.,

the architects used in the planning of the Joyce Center, also were commissioned to design the 45,000-square-foot facility which houses a 50-meter Olympic pool (25 yards in width), spectator seating for 400 and support facilities.

The facility features two movable bulkheads to allow sections of the pool to be blocked off, allowing swimming competition and warm-up swimming to occur simultaneously. The design also allows recreational swimming, water polo, instructional swimming and other aquatic activities. Diving is accommodated with two one-meter boards and two three-meter boards.

The Rolfs Aquatic Center is home to Notre Dame women's and men's swimming and diving teams. The pool has two moveable bulkheads that allow the Irish the opportunity to train on either a long or short course.

Support functions housed in the center of the facility just below the spectator seating include men's and women's locker rooms, men's and women's varsity locker rooms, and men's and women's staff locker rooms. Offices for the Notre Dame swimming staff, aquatics directors, and lifeguards are deckside and glass-fronted with a view of the pool.

Several deckside instructional areas are located around the pool and feature infrared heat lamps, designed to keep wet swimmers warm between events. The pool features a stainless steel racing gutter which is designed to absorb the bow waves of a swimmer, allowing faster swimming times.

Another instructional feature is the presence of two underwater windows which allow critiquing of a diver's or swimmer's underwater technique. The unique structural system consists of three trusses which span 120 feet, with the roof suspended below the trusses. In addition, the white exterior trusses provide an interesting and athletic character to the building. The lighting system is designed to be adjusted

from maximum brightness for television to nearly dark for dramatic synchronized swimming presentations.

The center was officially dedicated on November 13, 1985.

# NOTRE DAME UNIVERSITY OF

*Founded in 1842,  
Notre Dame is ranked  
among the nation's  
top 25 institutions of  
higher learning in  
surveys conducted  
by U.S. News World  
Report, Princeton  
Review, Time,  
Kiplinger's and  
Kaplan/Newsweek.*

Notre Dame's founding can perhaps best be characterized as an outburst of missionary zeal. How else can one describe the action of Father Edward Sorin, the 28-year-old French priest of the Congregation of Holy Cross who — with \$310 cash and three log buildings in various stages of disrepair in the middle of the northern Indiana frontier — had the temerity to christen his enterprise the University of Notre Dame du Lac?

Notre Dame at its founding was a name in search of, or perhaps in anticipation of, a university. The wonder is not so much what the University has become more than a century and a half later, but that it survived at all in those early years of beginning almost literally from nothing.

In his book, *The University of Notre Dame: A Portrait of Its History and Campus*, historian Thomas Schlereth of the American studies department has described the odds the University was up against: "Only nine other Catholic colleges existed when Notre Dame was founded, but that number had grown to 51 by 1861. Presently only seven of these antebellum institutions still exist. One historian estimates a mortality rate of approximately 80 percent among Notre Dame's contemporary secular institutions. Yet Notre Dame survived ..."

The University's survival of those early years is a tribute not only to the faith of Father Sorin, but also to his pragmatism and wit. In the beginning, his institution's only admissions requirement was the ability to pay — some payment, at least, and not necessarily in currency or coin; livestock or the services of a tradesman or some other "in-kind" payment also were cheerfully accepted. Nor were admissions limited by religious preference. Father Sorin's mission and inspiration were thoroughly and indisputably Catholic, but from the beginning he made it clear that would-be students of any religious persuasion were welcome; indeed, the fact that Notre Dame's student body eventually would become overwhelmingly Catholic was more a reflection of American culture than of parochialism on the University's part.

Sorin was equally flexible when it came to his University's academic offerings. While a classical collegiate curriculum was established early on, so too were elementary and preparatory programs as well as a manual-labor school, and for several decades the collegiate program never attracted more than a dozen students in any year. As Notre Dame's chronicler, Father Arthur Hope, C.S.C., has written, "If (Sorin) was to begin at all, the head of this new college had to be mightily concerned about frostbite and

empty stomachs. The more elusive problems of intellectual development would have to wait."

If Notre Dame in its infancy was the child of Sorin's vision and will, its subsequent growth and development were the products of large and powerful social and historical forces. Just as the University was being established, the first waves of European immigrants, overwhelmingly Catholic, were reaching America's shores, and Notre Dame's location — though seemingly remote — in fact put it within easy reach of cities like Chicago, Detroit and St. Louis, all of which soon would have large immigrant Catholic populations. The immigrant experience and the growth of the University of Notre Dame would be inextricably linked.

A number of forces were at work in this relationship. The "American Dream" was coming into being, and with it the hope and expectation that, through hard work and education, children would enjoy greater opportunities than their parents. At the same time, anti-immigrant and anti-Catholic sentiments were open and pervasive in American society, creating barriers to immigrant Catholic students. Equally strong sentiments among many Catholics regarded public schools at any level as dangerous places where young people might lose their faith. For all these reasons, education — primary, secondary and higher education — became a centerpiece of American Catholicism.

Though it may not have seemed so at the time, this great historical movement of peoples and the creation of the American melting pot dramatically enhanced the odds of Notre Dame's survival. What still had to be decided, however, was precisely the type of institution Notre Dame would become. How could this small Midwestern school without endowment and without ranks of well-to-do alumni hope to compete with firmly-established private universities and public-supported state institutions? As in Sorin's day, the fact that the University pursued this lofty and ambitious vision of its future was testimony to the faith of its leaders — men such as Father John Zahm, C.S.C.

As Schlereth describes it: "Zahm ... envisioned Notre Dame as potentially 'the intellectual center of the American West,' an institution with large undergraduate, graduate, and professional schools equipped with laboratories, libraries, and research facilities. Notre Dame should strive to become the University that its charter claimed it was."

Zahm was not without evidence to support his faith in Notre Dame's potential. On this campus in 1899, a young Notre Dame scientist by the name of Jerome Green became the first American to transmit a wireless message. At about the same time, Albert Zahm, Father John's younger brother, was designing the first successful helicopter and first wind tunnel while also launching the first man-carrying glider from the roof of a campus building. The University also had established the nation's first architecture, law and engineering schools under Catholic auspices.

The debate over Notre Dame's future effectively was ended in the two decades following the First World War. In 1919, the University installed its first president to have earned a Ph.D., Father James Burns, C.S.C., and the changes he initiated were as dra-

matic as they were far-reaching. The elementary, preparatory and manual-labor programs were scrapped; the University's first board of lay advisors was established with the goal of creating a \$1-million endowment, with a national campaign conducted to achieve that goal; and the first annual giving program for alumni was launched. With this impetus established, the period between 1919 and 1933 would see the University of Notre Dame erect 15 new buildings and triple the numbers of both its students and its faculty.

A new and utterly unanticipated element was added to the ethos of Notre Dame during this period, and the University forever after would be a national institution. That new element was, of course, the game of football. But for Notre Dame and for its legions of ethnic American loyalists — most, but not all, Catholic — the cliché was true: football was more than a game. Through its academic program, Notre Dame already was part of the striving of ethnic Americans to earn a place in the American mainstream. But in this golden era, even for those who had never and would never attend Notre Dame, the University became a symbol, so much so that its attraction persists literally to this day.

The national recognition that football brought to Notre Dame was a mixed blessing at those times when it tended to overshadow the University's growing academic distinction, but overall it has been an almost incalculable boon to public awareness of, interest in, and support of Notre Dame. It may be amusing to speculate how the University's history might have been different without the phenomenon of football, but the University is happy to accept this legacy as is.

If the post-World War I era saw Notre Dame's first flowering as a true University, the six decades since the Second World War have seen the vision of John Zahm reach full fruition. Father John Cavanaugh, C.S.C., began the process after the war by toughening Notre Dame's entrance requirements, increasing faculty hiring, and establishing the Notre Dame Foundation to expand the University's development capabilities.

Then, during the 35-year tenure of Father Theodore Hesburgh, C.S.C., Notre Dame's enrollment, faculty and degrees awarded all doubled; library volumes increased five-fold; the endowment catapulted from less than \$10 million to more than \$400 million; campus physical facilities grew from 48 to 88 buildings; faculty compensation increased ten-fold; and research funding grew more than twenty-fold. In addition, two defining moments occurred during this period: the transference of University governance in 1967 from the Congregation of Holy Cross to a predominantly lay board of trustees and

the admission of women to undergraduate studies in 1972.

During the 18-year presidency of Father Edward Malloy, C.S.C., the University continued to grow in stature. Endowed faculty positions rose to more than 190, the student body became — and remains — one of the most selective in the nation (with one-third of entering freshmen ranking among the top five students in their high school graduating classes), and the graduation rate annually in the top five in the nation. The University is endowment of some \$5 billion is among the top 20 in American higher education, and campus additions during the Malloy years included new research laboratories, a graduate student housing complex, residence halls for undergraduate women (who now compose 47 percent of the student body), the 84-classroom DeBartolo Hall, the Mendoza College of Business, the DeBartolo Center for the Performing Arts, and the Jordan Hall of Science.

Father John I. Jenkins, C.S.C., who became Notre Dame's 17th president in July of 2005, has challenged his administration and the faculty, students, alumni and friends of the University to, in words from his inaugural speech, "build a Notre Dame that is bigger and better than ever — a great Catholic university for the 21st century, one of the pre-eminent research institutions in the world, a center for learning whose intellectual and religious traditions converge to make it a healing, unifying, enlightening force for a world deeply in need. This is our goal. Let no one ever again say that we dreamed too small."

Some goals are self-evident. The University must strive at all times to bring new vigor to its teaching and to enhance both the breadth and the depth of the education it offers students. At the same time, it must strengthen significantly its graduate programs and faculty research to make ever-greater contributions in the quest for new knowledge.

But the institutional mission of Notre Dame reaches beyond these goals.

The higher aspiration of the University of Notre Dame is to seek out and assume leadership roles through which students and alumni, faculty, interdisciplinary institutes, and professional programs can bring their accomplishments to bear on the most basic and pressing needs of humanity — for peace and social justice, for human rights and dignity, for ethical conduct in business, science and the professions, for a renewal of values in interpersonal and societal relationships, and for a more-enlightened stewardship of the environment, to name but a few of the challenges.

This aspiration is incumbent upon Notre Dame as a Catholic university. Today, as throughout its history, Notre Dame's posi-

tion in American culture mirrors that of the Catholic Church. The world is very different from the one encountered by Father Sorin on his arrival in this country. The tangible barriers faced then by Catholic students and scholars have largely been removed, and today one may find such students and scholars at Harvard, Stanford and Duke, as well as at Notre Dame. American Catholics are firmly implanted in the American mainstream.

At the same time, the secularization of contemporary American society is an undisputed fact, and with that transformation has come a weakening of common values, an antipathy to belief, and a resistance to the very notion of underlying truths. One expression of this viewpoint is the contention that a Catholic university is a contradiction in terms, that reason and belief are somehow mutually exclusive. The Catholic intellectual tradition and the Western university tradition itself stand in opposition to this contention, as does Notre Dame.

It is a telling act that throughout Notre Dame's history, and increasingly in recent years, many eminent scholars of various faith traditions have made the University their home simply because they have preferred to work in a community of learning where belief is not merely tolerated, but in fact is celebrated.

Father Sorin's dream was predicated on his conviction that a university would be a powerful force for good in this land that he embraced as his own. For the University of Notre Dame, Sorin's conviction remains the inspiration, the mission and the driving force.

# Director of Athletics

Kevin White, one of the most progressive and talented administrators in the intercollegiate athletics ranks, quickly attached his signature as director of athletics at the University of Notre Dame. His initial seven years in that position qualify as the most successful across-the-board years in the history of athletics at Notre Dame.

In addition, he has been cast in a handful of prominent national roles within collegiate athletics – including his ongoing representation with the Bowl Championship Series, his service in 2006-07 as president of NACDA (the National Association of Collegiate Directors of Athletics) and in 2005-06 as president of the Division I-A Athletic Directors Association. He also is part of the steering committee for Chicago's bid for the 2016 Summer Olympic Games.

White and his Notre Dame athletics program are coming off a 2006-07 season that included three national players of the year (Kerri Hanks and Joe Lapira as Hermann Trophy winners in women's and men's soccer – and Brady Quinn as Maxwell Award winner in football), a national coach of the year in Jeff Jackson (hockey), plus three NCAA post-graduate scholarship winners (most since 1975) in Ted Brown (swimming), Stephanie Brown (softball) and Maryann Erigha (track and field).

A record-setting '06-'07 hockey season that included 32 wins, seven weeks ranked number one, a first-ever Central Collegiate Hockey Association regular-season title and a first-ever CCHA Tournament title headlined an athletic year that also featured an NCAA runner-up finish (and number-one ranking most of the year) in women's soccer, 15 teams ranked in the final top 25 (nine in the top 10), 32 All-Americans, 10 CoSIDA Academic All-Americans and nine conference coach-of-the-year selections.

*Sports Illustrated On Campus* (the online subset of *Sports Illustrated's* SI.com) ranked Notre Dame's overall athletic program seventh best in the country for 2006-07 – with extra credit for success in football and basketball.

White was named the 2006 GeneralSports TURF Systems Division I-A Central Region Athletic Director of the Year – thanks to Notre Dame's best-ever sixth-place finish in the NACDA Cup competition, its 44 All-Americans, 14 Academic All-Americans, five combination All-American/Academic All-Americans and 13 BIG EAST Conference titles, all Irish records.

Twenty-four (of 26) Notre Dame programs qualified teams or individuals for postseason play in 2005-06, 16 teams finished in national top-25 rankings, nine finished in the top 10, six ended up in the top 10 in NCAA competition and four achieved top-four NCAA finishes (men's and women's fencing, women's lacrosse and men's cross country). Three Notre Dame head coaches received national coach-of-the-year recognition in 2005-06 – Charlie Weis in football, Jay Louderback in women's tennis and Tracy Coyne in women's lacrosse.

A career educator and one of the most respected athletic administrators in the nation, White previously had been athletics director at Arizona State University, Tulane University, the University of Maine, and Loras College. He brought a combined 18 years (1982-83 to 1999-2000) of experience in those positions with him to his assignment at Notre Dame.

Appointed on March 13, 2000, White became the first Notre Dame athletic director to report directly to the University's president. After agreeing to an original five-year contract as well as a five-year extension, White in December 2002 saw his commitment extended an additional two years to 2012.

White's first seven years at Notre Dame from 2000-01 through 2006-07 saw unprecedented achievement on Irish fields of play:

- Notre Dame finished 11th, 13th, 13th, 19th, 16th, a program-best sixth, then 22nd, respectively, in the NACDA Directors' Cup (formerly sponsored by Sears) all-sports ratings in those seven years, accounting for its best-ever seven-year run in that competition.
- Irish teams have achieved number-one national rankings 13 times during his years at Notre Dame – women's basketball in 2000-01; baseball in '01; men's fencing in '00, '02 and '03; women's fencing in '04, '05 and '06; women's soccer in '00, '04, '05 and '06, and hockey in 2007.
- The Irish claimed the '01 national championship in women's basketball; the '03 and '05 NCAA titles in fencing (a men's and women's combined championship); the '04 crown in women's soccer; a runner-up finish in '06 in women's soccer, third-place finishes in fencing in '01, '02 and '04, in women's cross country in '03, and in men's cross country in '05; national semifinal appearances in women's soccer in '00 and men's lacrosse in '01, and a College World Series appearance in baseball in 2002.
- Notre Dame has seen its number of athletes earning All-America honors improve regularly – to a record 44 in 2005-06.
- Notre Dame's record-setting 2005-06 season saw 24 of 26 programs send teams or individuals to postseason play. Sixteen of a possible 22 teams earned national rankings in 2000-01, including 10 that achieved the highest rating in the history of the program. In 2001-02, 20 of 26 teams qualified for NCAA competition. In 2002-03, 13 sports managed top 25 national finishes – and 17 advanced to postseason competition. In 2003-04 an unprecedented 22 teams qualified for NCAA competition, including two (hockey and women's golf) that accomplished that for the first time and a third (men's golf) that made the field for the first time in 38 years. Twenty Irish squads in 2004-05 advanced teams or individuals to NCAA play.
- Notre Dame in 2002 was the only school in the country to qualify all six of its teams – men's and women's soccer, men's and women's cross country, volleyball and football – for fall NCAA tournament competition (or, in the case of football, a bowl game). Notre Dame and Texas were the only schools in 2002-03 to play in football bowl games and have both their men's and women's basketball squads advance to the NCAA Sweet 16 round. In 2005, Notre Dame was the only school to win at least twice in both NCAA soccer tournaments and in the NCAA volleyball championship (men's soccer and volleyball won twice, women's soccer had three NCAA wins). Notre Dame, Penn State and California were the only schools to win at least once in those three 2005 NCAA tournaments and also play in a Division I football bowl game.

- Notre Dame won the BIG EAST Conference Commissioner's Trophy for overall athletic success in league play in 2001, '02 and '03 for both men and women (the trophy was no longer awarded after 2003) – and the Irish annually lead the league in conference titles, including a record 13 in 2005-06.

His initial seven years on the job at Notre Dame featured a handful of other noteworthy accomplishments:

- He helped the Irish athletics program toward its goal of becoming a top five program in the NACDA Directors' Cup competition by championing the University's plan to add 64 grants-in-aid over a four-year span (that goal was announced in December 2000), in order to give all 26 varsity sports the full NCAA complement of scholarships.
- He emphasized the need to remain competitive on the facilities front by commissioning a facilities master plan that now provides a long-term plan for upgrading Notre Dame's athletic physical plant. The first facility from that plan opened in 2005, with the addition of the Guglielmino Athletics Complex that provides a day-to-day home for the Irish football program as well as enhanced space for training, sports medicine, equipment, and strength and conditioning for all Notre Dame student-athletes. Opened in fall 2006 was the 10,500-square foot Robert and Marilyn Rolfs Family All-Season Varsity Golf Facility that serves as the home of the Notre Dame men's and women's golf teams. Plans have been announced for a refurbished Joyce Center arena, ground has been broken for a new softball stadium and a major gift has been received for a new lacrosse stadium.
- On the academic front, Irish student-athletes enjoyed their most productive year ever in the classroom in 2005-06 – as for the first time in the 2005 fall semester and the 2006 spring semester, every Notre Dame program achieved at least a 3.0 grade-point average. A Notre Dame record 14 individuals claimed Academic All-America notice in 2005-06 – followed by 10 in 2006-07.

- The American Football Coaches Association awarded its Academic Achievement Award for 2001 to Notre Dame based on its 100 percent graduation for entering freshmen from 1995 – then again for 2007 based on a 95 percent rate from the class that entered in 2001. The University received a 2002 *USA Today*/NCAA Academic Achievement Award for graduating 90 percent of its student-athletes who enrolled in 1995 – and it also received the 2003 award for highest overall student-athlete graduation rate (92 percent of those who enrolled in 1996).
  - When the NCAA first issued its Academic Performance Rate graduation numbers in 2005, Irish teams excelled, with 13 of them earning a perfect 1,000 score. In the three-year combined numbers issued in 2007, Notre Dame's nine perfect scores ranked second (to Boston College's 10) in the I-A football-playing subset. Notre Dame in '07 had 11 programs honored for multi-year APR achievement.
  - Seventeen of 22 athletics programs at Notre Dame compiled graduation rates of 100 percent, according to the Graduation Success Rate figures announced in 2006-07 by the NCAA (no other Division I-A football school had as many as 17). Among 119 I-A football schools, Notre Dame's GSR numbers ranked second (98 percent) for all student-athletes, second (97) for male student-athletes, tied for fourth (99) for female student-athletes, fourth (91) for black student-athletes and third (95) for football student-athletes. When the final 2005 *USA Today* football poll of coaches was re-ranked by football GSR score, Notre Dame (11th in the actual poll) finished first in that tabulation at 96, just ahead of Clemson at 94 (21st in actual poll).
  - The NCAA Division I-A Athletic Directors' Association gave one of its four 2000 awards of excellence to Notre Dame's CHAMPS/Life Skills Program
  - He assured long-term consistency in the Irish coaching ranks by signing Notre Dame head coaches to multi-year contracts – with all assistant coaches and administrators signing contracts for the first time starting in 2001-02.
  - He renewed in 2003 Notre Dame's NBC Sports contract for televising of home football games for five more years (2006-10 for that renewal, extending the relationship to 20 years) and its Westwood One contract for football radio broadcasts for five more years (2003-07). He also created the new football radio network relationship with ISP Sports that begins in 2008 and extends to 2017.
  - He oversaw the University's NCAA re-certification process in 2004 as Notre Dame went through that self-study and peer review process for the first time since 1997. The University's athletics program was recertified without conditions, with the committee noting that Notre Dame is "committed to academic success of its student-athletes and demonstrates this by requiring three more core courses than what is required by the NCAA," that Notre Dame "student-athletes are quite satisfied with quantity and quality of academic support and attribute much of the success around graduation rates to this service," and that Notre Dame has "affirmed and demonstrated its commitment to fair and equitable treatment" of male, female and minority student-athletes.
- In addition to the varsity athletic component, White's assignment at Notre Dame also includes administration of a comprehensive intramural, club sport and campus recreation program, with 95 percent of the student body participating. *Sports Illustrated On Campus* rated the Irish intramural program tops in the nation in 2004.

With a Ph.D. in education, White has taught graduate-level classes beginning in 1982-83 with his tenure at Loras, including currently as a concurrent associate professor in the management department of the Mendoza College of Business as part of Notre Dame's MBA program during spring semesters (he teaches a sports business course).

White has served on numerous NCAA committees, including the NCAA Council, formerly the association's highest governing body. In addition to his current role with the BCS, he previously was a member of the Rose Bowl Management Committee while at Arizona State, was an ex-officio member of the Sugar Bowl Committee during his tenure at Tulane and also worked closely with the Fiesta Bowl during his stay in Tempe.

In August 2003, SI.com (the *Sports Illustrated* web site) listed White third in its rankings of the most powerful people in college football. In its Jan. 12, 2004, issue, *Sporting News* listed him in its Power 100 as third among five names in the "front office" category (and the lone college athletics director among the 100). In December 2004, White was named the 15th most influential individual in collegiate sports by *Street & Smith's SportsBusiness Journal*. He has been a member of the NCAA Coalition on Intercollegiate Athletics (COIA) that deals with academics, fiscal reform and student-athlete well-being. He also was an ex-officio member of the NCAA Committee on Academic Performance and a member of its Penalty and Rewards subcommittee.

White has served as mentor for an impressive list of senior level athletics administrators who have worked for him, then gone on to become directors of athletics – including Jim Sterk of Washington State, Tom Boeh of Ohio University and currently Fresno State, Ian McCaw of Northeastern, Massachusetts and currently Baylor, Bruce Van De Velde previously of Iowa State, Herman Frazier of Hawaii, Rudy Keeling formerly of Emerson and now ECAC commissioner, Scott Devine of St. Mary's College (Md.), Tim Van Alstine of Western Illinois, Mark Wilson of Tennessee Tech, Bubba Cunningham of Ball State and currently Tulsa, Sandy Barbour (who followed him at Tulane) of California-Berkeley, Jim Phillips of Northern Illinois, Bernard Muir of Georgetown, Sandy Hatfield Clubb of Drake, Vic Cegles of Long Beach State and Norwood Teague of Virginia Commonwealth.

White has his own weekly, hour-long radio show on WLS-AM 890 in Chicago – and he has a pre-game segment on Westwood One's radio broadcasts of Notre Dame football games.

During his coaching career, White served as head track and field coach at Southeast Missouri State (1981-82) and assistant cross country and track and field coach at Central Michigan (1976-80). He began his coaching career at Gulf High School in New Port Richey, Fla., coaching cross country and track and assisting in football and wrestling. White also spent a year (1980-81) as district administrator for athletics and special projects for the Mt. Morris Consolidated School District in Mt. Morris, Mich. During his tenure at Loras, he originated the National Catholic Basketball Tournament.

Born Sept. 25, 1950, in Amityville, N.Y., White earned his Ph.D. from Southern Illinois University in 1983 with an emphasis on higher education administration (his dissertation title was *An Appraisal of the Women's Intercollegiate Athletic Programs, and the Relationship to Men's Athletics at the Big Ten Conference Institutions Before and After Title IX Implementation*). In 1985 he completed postdoctoral work at Harvard University's Institute for Educational Management. He earned his master's degree in athletics administration from Central Michigan University in 1976 and his bachelor's degree in business administration in 1972 from St. Joseph's

College in Rensselaer, Ind., where he also competed as a sprinter in track and field. He was awarded St. Joseph's Alumni Achievement Award in 1997, and he's currently a member of the Loras College Board of Regents. He was a 2006 inductee into the Suffolk County (Long Island, N.Y.) Sports Hall of Fame

White also attended the University of South Florida and St. Leo College in Tampa, Fla., between 1972 and '76 – and he took 60 hours of advanced graduate courses in higher education administration at Michigan State University between 1977 and '80. He received an honorary doctorate in 2007 from the United States Sports Academy.

White's wife, Jane, earned a bachelor's degree from St. Joseph's in 1973 and a master's in physical education from Central Michigan in 1977. She also served as head track and field coach at Central Michigan and currently is an instructor with Notre Dame's physical education department. White and his wife both received honorary degrees from St. Joseph's in 2001.

The couple have five children – Maureen, who completed a master of fine arts degree at Arizona State in 2000 and currently teaches at Notre Dame Prep School in Scottsdale, Ariz.; Michael, a University of Mississippi graduate and four-year starter at point guard for the Ole Miss basketball team and now an assistant basketball coach at his alma mater (after a stint at Jacksonville State University in Alabama); Daniel, a University of Notre Dame graduate and member of the 2000-01 Irish basketball squad, who was an assistant basketball coach at Ohio University while earning his MBA in sports administration there, and now is associate athletics director for development at Fresno State University; Brian, a 2006 graduate of the University of Notre Dame and now an MBA student in the Ohio University sports administration program (he served as an intern in the Arizona State athletics department in 2006-07); and Mariah, a high school junior who is a standout in swimming.

Rev. John I. Jenkins, C.S.C.  
University President

**Rev. John I. Jenkins, C.S.C.**, took office as the 17th president of the University of Notre Dame on July 1, 2005. He was elected by the University's Board of Trustees to a five-year term April 30, 2004.

An associate professor of philosophy and member of Notre Dame's faculty since 1990, Father Jenkins had served from 2000-2005 as a vice president and associate provost at the University.

Prior to his service in the provost's office, Father Jenkins had been religious superior of the Holy Cross priests and brothers at Notre Dame for three years. As religious superior, he was a Fellow and Trustee of the University, but he relinquished those posts to assume his duties in the provost's office.

Father Jenkins specializes in the areas of ancient philosophy, medieval philosophy and the philosophy of religion. He is the author of *Knowledge and Faith in Thomas Aquinas*, published by Cambridge University Press in 1997.

Father Jenkins earned degrees in philosophy from Oxford University in 1987 and 1989. He earned his master of divinity degree and licentiate in sacred theology from the Jesuit School of Theology in Berkeley, Calif., in 1988.

Prior to entering the Congregation of Holy Cross, he earned bachelor's and master's degrees in philosophy from Notre Dame in 1976 and 1978, respectively. Father Jenkins was ordained a priest in Notre Dame's Basilica of the Sacred Heart in 1983. He served as director of the Old College program for Notre Dame undergraduate candidates for the Congregation of Holy Cross from 1991 to 1993.

A native of Omaha, Neb., Father Jenkins was born Dec. 17, 1953.

**Thomas G. Burish**, formerly president at Washington and Lee University in Lexington, Va., and a 1972 Notre Dame alumnus, was elected provost on July 21, 2005. As provost and second-ranking officer of the University, he exercises responsibility for all academic matters. He is the fourth person to hold the office since it was established in 1970. Burish succeeded Nathan O. Hatch, who became president of Wake Forest University. In addition, Burish serves as a professor of psychology at Notre Dame.

Burish had been president of one of the nation's top liberal-arts colleges since July 2002. Prior to joining Washington and Lee and prior to being named president, he was the longest-serving provost in the history of Vanderbilt University. He served as provost at the nationally-renowned research university from 1993 to 2002.

Known as a ground-breaking researcher, award-winning teacher and gifted leader, Burish exemplifies the excellence and humanity to which Notre Dame is dedicated. Through his work, he has helped "tens of thousands of cancer patients better cope with the emotional and physical pain of this disease," according to John R. Seffrin, chief executive officer of the American Cancer Society. Burish currently serves as chair of the American Cancer Society's national board of directors.

Thomas G. Burish  
Provost

A native of Peshtigo, Wis., Burish was graduated from Notre Dame, summa cum laude, with a bachelor's degree in psychology in 1972. He earned his master's degree in psychology from the University of Kansas in 1975 and a doctorate in clinical psychology from Kansas a year later.

While at Kansas, Burish received the David Shulman Memorial Award of Excellence in Clinical Psychology. He moved in 1976 to Vanderbilt, becoming a full professor in 1986. He won Vanderbilt's prestigious Madison Sarratt Prize for Excellence in Undergraduate Teaching in 1980 and served as chair of the department of psychology from 1984 to 1986. Burish became Vanderbilt's provost in 1993. He is the co-author or co-editor of four books, and has contributed to more than 16 other books while writing more than 60 journal articles.

Dr. John Affleck-Graves  
Executive Vice President

**John Affleck-Graves** was elected the first lay executive vice president of Notre Dame in April 2004. A vice president and associate provost the previous three years, he also holds the Notre Dame Chair in Finance in the Mendoza College of Business.

Dr. Affleck-Graves, the fifth person to serve as executive vice president, administers Notre Dame's annual operating budget of more than \$700 million and an endowment of approximately \$4 billion. He oversees human resource activities for a work force of more than 4,000 employees – the largest in St. Joseph County – and directs the University's construction program.

A native of South Africa and a naturalized U.S. citizen, Dr. Affleck-Graves specializes in the study of initial public offerings, valuation and asset pricing models, and shareholder value-added methodology. He is the author of more than 50 refereed publications and the recipient of numerous teaching awards.

Dr. Affleck-Graves joined the Notre Dame faculty in 1986 after teaching and conducting research for 11 years at the University of Cape Town, where he earned bachelor's, master's and doctoral degrees.

**Richard C. Notebaert**, chairman and chief executive officer of Qwest Communications International, was elected the sixth chair of Notre Dame's Board of Trustees in February 2007 and began service July 1.

A member of the Notre Dame Board since 1997, Notebaert has served as chair of its University Relations and Public Affairs and Communication Committee. He also has served as a Fellow of the University, and continues to serve in that capacity.

Notebaert has directed Qwest since 2002. A renowned leader in broadband, data, voice and image communications, the company is based in Denver. Notebaert previously served as chief executive officer of Tellabs Inc., and as chairman and chief executive officer of Ameritech Communications.

A graduate of the University of Wisconsin, Notebaert is a member of the board of directors of Aon Corp., Cardinal Health Inc., the Denver Center for the Performing Arts and the Denver Art Museum. His professional activities include memberships in the Business Council and the International Advisory Council of the Executives' Club of Chicago. In April 2003 he was appointed by President Bush to the National Security Telecommunications Advisory Committee.

In his new position, Pope-Davis will be responsible for leading and managing the Provost's Office's involvement in the faculty recruitment and hiring process, tenure and promotions procedures, mentoring programs for faculty, and the creation and administration of new programs to help prepare faculty leaders to carry out administrative tasks.

In 2006, Pope-Davis was appointed chair of Notre Dame's Faculty Board on Athletics and its NCAA faculty athletics representative. He is a member of the NCAA Committee on Athletic Certification and was chair of Notre Dame's NCAA certification subcommittee for equity, gender and sportsmanship. He also serves on campus on the Provost's Advisory Committee and the Diversity Committee.

A member of the Notre Dame faculty since 2000, Pope-Davis studies in the areas of multicultural psychology, counseling and education. He is the co-author of three books, "Multicultural Counseling Competencies: Assessment, Education, and Supervision," "The Intersections of Race, Class, and Gender in Multicultural Counseling," and, most recently, "Handbook of Multicultural Competencies in Counseling and Psychology." Pope-Davis has published more than 50 journal articles and book chapters in his fields of study and currently is a research fellow of the American Psychological Association.

Pope-Davis earned his doctorate in counseling psychology from Stanford and his bachelor's degree in psychology and theology from Benedictine University in Lisle, Ill.

## Academic Services

The Academic Services for Student-Athletes Office is designed to help Notre Dame fulfill its commitment to all student-athletes in their pursuit of a college degree and academic excellence. In order to achieve these goals, Academic Services has several major aims:

- To maintain the academic integrity of the University
- To help student-athletes maximize their academic potential
- To comply with University and NCAA rules and regulations
- And to assist all student-athletes as they work towards graduation in four years

These objectives work together and are aimed at teaching student-athletes to be responsible for their academic careers.

To this end, Academic Services provides student-athletes many services that begin when First Year students arrive on campus and continue through graduation. The office provides consistent counseling and appropriate interventions regarding academic matters, in addition to referring student-athletes to campus offices where they can meet regularly with their professors and engage in services provided by the various colleges and departments.

As soon as student-athletes begin classes, Academic Services monitors their progress through regular communication with professors that includes feedback regarding each student's level of work, attendance and any need for additional support. If professors or student-athletes feel there is need for additional help, Academic Services can provide tutorial assistance.

In addition to this interaction with the faculty, the counselors in Academic Services meet regularly with student-athletes. During these meetings, counselors assist the students as they develop both semester-long and career academic goals. Discussions also may include topics such as time management, decision-making and appropriate interactions with faculty.

The Academic Services department received a new home in 2001, through a generous donation by football alumnus Jim Morse ('57) and his wife, Leah Rae, when the Coleman-Morse Center was completed. A \$14 million building, the James and Leah Rae Morse Center for Academic Services

The Morse Center – which houses the Academic Services for Student-Athletes – opened in 2001 through a generous gift by Notre Dame football alumnus Jim Morse and his wife Leah Rae.

houses Notre Dame's First Year of Studies program and Academic Services for Student Athletes. It also contains the University Writing Center and a satellite office for the Center for Social Concerns, plus classrooms, staff offices, a tutoring center, computer cluster, work rooms and a lounge.

Working in conjunction with several other offices on the Notre Dame campus, Academic Services assists student-athletes with postgraduate planning and transition into professional careers. Although the primary focus of Academic Services is to support and challenge student-athletes during their time at Notre Dame, assisting them as they prepare for life after college remains part of their mission.

Adam Sargent (right) – a former Notre Dame lacrosse player – is one of several academic counselors who each provide regular guidance to Notre Dame teams.

Thank you for your tremendous support of our entire athletics program. Our student-athletes, coaches and administrative staff are very appreciative of your spirit and affinity for Notre Dame, in particular its intercollegiate athletics.

Your adherence to all applicable NCAA rules and regulations is essential as we strive to maintain and enhance our national athletic prominence while protecting the University's tradition of integrity and values.

Our Compliance Office staff stands prepared to assist you with your questions and concerns regarding NCAA regulations. Please contact us immediately should you have concern regarding any situation. Your attention to these matters will ensure that the eligibility of both prospective student-athletes ("recruits") and enrolled student-athletes is protected and maintained. Again, many thanks for your cooperation in this matter and your ongoing support.

## Who is a Representative of Notre Dame's Athletics Interests?

(The following lists of examples are not all-inclusive. As always, **ask before you act!**)

### You are if:

- you are an enrolled student or graduate of the University.
- you ever have participated in or are a member of any organization promoting Notre Dame's athletics program (the former Quarterback Club, the 3-Point Club, the Fast-Break Club, etc.).
- you ever have made financial contributions to the University of Notre Dame athletics department.
- you ever have helped to arrange employment of or provided any benefits to prospective or enrolled student-athletes.
- you ever have been a season ticket holder in any sport.
- you ever have promoted the athletics programs at the University of Notre Dame.

According to NCAA rules, once an individual has been identified as an institutional "representative of athletics interests" the individual retains that title for life. The University of Notre Dame ultimately is responsible for the behavior of all its athletics representatives in relation to NCAA rules and regulations. Violations of NCAA regulations by an athletics representative could result in the loss of eligibility for involved student-athletes (e.g. no participation in competitions) and/or severe sanctions against the University (e.g. loss of scholarships, television and post-season bans).

## Current Student-Athlete

A student-athlete is any Notre Dame student who is a member of a varsity athletics team.

NCAA regulations apply to all student-athletes, not just those student-athletes who were recruited or who receive an athletics scholarship.

\*Note: NCAA regulations concerning enrolled student-athletes remain in effect throughout the entire year (including summer break). If a student-athlete has completed his/her final season of eligibility, all NCAA regulations must be adhered to until he/she graduates or leaves school.

## Do's and Don'ts for representatives in regards to a current student-athlete:

(The following lists of examples are not all-inclusive. As always, **ask before you act!**)

### Do's

#### You may:

- contact a current student-athlete regarding employment opportunities. However, no contact may be made without approval from the Compliance Office.
- provide a student-athlete, not his/her family and friends, an occasional (once a semester) meal at your home.

### Don'ts

#### You may not:

- provide a currently-enrolled student-athlete, his/her parents or friends any benefit or special arrangement without prior approval from the Compliance Office.
- pay for or arrange for payment of room, board or any type of transportation for a student-athlete or his/her family or friends.
- entertain student-athletes or their family and friends. (Exception: NCAA rules do permit institutional staff members and athletics representatives to provide student-athletes [not including their family and friends] with an occasional meal [defined as once a semester] provided the meal is at the staff member's or athletic representative's home and not at a restaurant.)
- use the name, picture or appearance of an enrolled student-athlete to advertise, recommend or promote sales or use of a commercial product or service of any kind; any use of a student-athlete's name, picture or appearance must receive authorization from the Compliance Office.
- provide any payment of expense or loan of an automobile for a student-athlete to return home or to travel to any other location.
- provide awards or gifts to a student-athlete for any reason; all awards provided to student-athletes must first be approved by the Compliance Office and meet all NCAA regulations.
- provide an honorarium to a student-athlete for a speaking engagement; all speaking engagements must be approved in advance by the Compliance Office.
- allow a student-athlete or his/her relatives or friends to use your telephone to make free calls.
- provide free or reduced-cost lodging in your home to a student-athlete or a student-athlete's family or friends.

## Prospective Student-Athlete

A prospective student-athlete is any student who has started classes for ninth grade. Any student younger who receives any benefits from an institution or athletics representative would become a prospect. In addition, student-athletes enrolled in preparatory school or two-year colleges are considered prospective student-athletes.

\* Note: An individual is considered a prospect (whether or not they have signed a National Letter of Intent) until the first day of initial collegiate enrollment or the first day they report for practice, whichever is earliest. Therefore, all NCAA regulations concerning contact with a prospective student-athlete are applicable until that time.

## Do's and Don'ts for representatives in regards to a prospective student-athlete:

(The following lists of examples are not all-inclusive. As always, **ask before you act!**)

### Do's

#### You may:

- forward information about prospective student-athletes to the appropriate coaching staff.
- have telephone contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has graduated from high school and signed a National Letter of Intent; you must contact the Compliance Office to make them aware that you are making these employment arrangements.
- have a telephone conversation with a prospect only if the prospect initiates the call; such a call may not be prearranged by an institutional staff member, and you are not permitted to have a recruiting conversation, but may exhibit normal civility; you must refer any questions about our athletics programs to an athletics-department staff member/coach.
- view a prospect's athletic contest at your own initiative provided you do not contact the prospect or his/her parents; you may not contact a coach, principal, or counselor in an attempt to evaluate the prospect.
- continue established family relationships with friends and neighbors; contact with sons and daughters of these families is permitted so long as it is not made for recruiting purposes or encouraged by Notre Dame coaches.

### Don'ts

#### You may not:

- write, e-mail or telephone a prospective student-athlete or his/her parents in an effort to recruit them to Notre Dame.
- become involved in making arrangements to provide money, financial aid or a benefit of any kind to a prospect or the prospect's family and friends.
- make contact with a prospective student-athlete or his/her parents when the prospect is on-campus for an official or unofficial recruiting visit.
- contact a prospect to congratulate him/her on signing a National Letter of Intent to attend the University.
- transport, pay or arrange for payment of transportation costs for a prospect or his/her relatives or friends to visit campus (or elsewhere).
- pay or arrange for payment of summer-camp registration fees for a prospect.
- provide ANYTHING to a prospect, the prospect's family or friends without prior approval from the Compliance Office.

Support of alumni and friends is welcomed and appreciated. We ask, however, that you help to keep Notre Dame's tradition of athletics integrity intact by following NCAA regulations. Your assistance will help ensure that the eligibility of prospective and currently-enrolled student-athletes is protected and preserved. Your efforts to know and follow the NCAA legislation are greatly appreciated because violations could affect the eligibility of involved prospects or student-athletes and/or result in NCAA penalties being imposed on the University.

To that end, it should be our goal, as the best alumni and fans in the country, to preserve and protect each and every student-athlete's eligibility. All NCAA legislation cannot be covered in a limited space such as this page. Therefore, any additional questions should be forwarded to the Compliance Office in the department of athletics. Please remember to **ask before you act!**

# Student Development

Notre Dame's Student Welfare and Development Program is committed to the total development of student-athletes, by fostering the cultivation of skills that encourage student-athletes to reach their full potential. Designed to work in conjunction with existing on-campus student services, the program acknowledges the unique needs and demands of student-athletes. The program continues to receive national recognition for its student-athlete participation and has been named to the NCAS Outreach and Community Service Honor Roll four times in the past five years.

The Student Welfare and Development Program implements events and activities that are designed to facilitate learning within five key areas: academic excellence, athletic success, career preparation, community involvement and personal development.

The program has three components: elective services (community service, leadership, social events); complementary services (encourages administrators and coaches to request coordination of workshops, events and activities); and essential services (student-athletes participate in required skill-building and developmental workshops).

The many services offered by the Student Development Program include the following:

- Academic support by working in coordination with the Office of Academic Services for Student-Athletes.
- Athletic success support with discussion topics on performance enhancement, leadership, nutrition, agents and amateurism, and sports conduct.
- Preparing for postgraduate life by offering monthly career development workshops that educate student-athletes on resume composition, interviewing, business etiquette, and networking. Student Welfare and Development also works closely with the Notre Dame Career Center to ensure that student-athletes are prepared for life after college.
- Bringing Notre Dame and the community together through specific relationships with local area hospitals, community centers and outreach agencies to provide ongoing and reliable volunteer opportunities.
- An orientation program for freshman student-athletes to familiarize and identify the challenges and opportunities that are unique to them as both

students and athletes. These seminars also educate student-athletes on contemporary issues affecting college students.

For the second straight year, 92 percent of Notre Dame's student-athletes (from all 26 varsity teams) participated in community service activities during the 2006-07 academic year, with the student-athletes completing more than 4,000 hours of community service (nearly doubling the hours from 2005-06) while assisting more than 50 non-profit organizations and schools.

Student Development also is responsible for: managing the scholarship textbook process; designing and producing the annual Student-Athlete Handbook/Planner; facilitating "An Evening at Shamrock Hills" team dinners; serving as the primary advisors to the Student Athlete Advisory Council (SAAC); coordinating the Student-Athlete Leadership Institute; and facilitating the athletic department's annual year-end celebration, the O.S.C.A.R.S. – Outstanding Students Celebrating Achievements & Recognition Showcase.

The Positive Transition Seminar (PTS) remains the cornerstone of the Student Welfare and Development Personal Development component. Issues that headline the annual half-day symposium include dining etiquette, public speaking/media relations, healthy nutrition, financial and career planning, life after sports, as well as a panel discussion on transition and leadership, led by Notre Dame faculty, staff and administrators. In addition to attending the PTS, all juniors were required to meet with a career counselor to learn how to access career planning resources, schedule interviews, update resumes, and apply for internships and jobs. All told, Student Welfare and Development provided student-athletes with more than 50 educational seminars and programs throughout the 2006-07 academic year.

Professors at Practice continues to be an excellent opportunity for professors and their families to interact with student-athletes on the

playing field during practice, in addition to engaging in intellectual conversation at a dinner provided after practice. In the fall of 2005, more than 500 professors and their family members enjoyed an afternoon with the Irish football and baseball teams.

The Student-Athlete Advisory Council (SAAC), which helped bring about noteworthy enhancements within the athletics department in 2006-07, including:

- The establishment of a program that involved all student-athletes in a pledge for Sportsmanship Across All Circumstances; the program involved producing a sportsmanship commercial and community outreach that promoted sportsmanship, with the student-athletes pledging to build character and respect for self/others while upholding the values embodied by the Notre Dame spirit (in addition staying focused on leading, inspiring and making moral, sound decisions).

- Continued assisting with Freshman and Parent Orientation.

- Organization of a five-day community service trip to New Orleans during fall break to assist in the Hurricane Katrina relief efforts (work consisted of "mudding" and gutting homes that were damaged in the hurricane).

- Discussion of challenging topics pertaining to the student-athlete experience, such as: off-campus housing, career development, hazing, leadership development, venue and facility concerns, the need for an athletics department massage therapist and alcohol abuse.

- Participation as guest speakers at various Joyce Grants-in-Aid events during the fall.

SAAC's monthly meetings also include discussions on important issues such as NCAA legislation, career opportunities, eating disorders, alcohol and supplement use, and technological issues involving websites such as Facebook and Myspace.

The annual Student-Athlete Leadership Institute in 2007 was attended by a record total of nearly 100 student-athletes (97). This full-day leadership program challenges student-athletes to critically examine their role as leaders. Participants engage in intense team activities that require focus, teamwork, communication and determination for a successful outcome.

The Student Welfare and Development Program, in existence since 1996, continuously seeks to develop programs that educate student-athletes on current issues – so as to ensure that when they graduate from the University, they are prepared to successfully meet the challenges of life.

A group of 23 Notre Dame student-athletes and five administrators (including athletics director Kevin White) donated their time during the 2006 fall break to assist with relief efforts in the wake of Hurricane Katrina. The group joined the School of Urban Mission in one of their primary projects: gutting and "mudding out" New Orleans homes that were damaged in the hurricane.

The Notre Dame hockey team annually holds a special skate day with children from the South Bend community.

# Statement of Principles

Throughout its long and proud history, the University of Notre Dame has embraced the philosophy that a well-rounded athletics program — including club, intramural and intercollegiate competition — comprises an integral part of Notre Dame's educational mission.

This philosophy reflects the importance of operating an intercollegiate athletics program that fully comports with the University's aspirations as a Catholic institution. Notre Dame therefore dedicates itself to the pursuit of excellence in intercollegiate athletics within the framework of an academic community committed to the University's educational and religious objectives.

Notre Dame also commits itself to the unquestioned integrity of its athletics programs. All individuals involved, directly or indirectly, in the athletics enterprise must maintain and foster the values and goals associated with the University's mission as a Catholic institution of higher education.

As a Catholic university, Notre Dame espouses Christian values and principles. These include the development of the human person — spirit as well as body — in addition to the pursuit of excellence in all endeavors, the nurturing of Christian character, and the call to personal integrity and responsibility. By providing a general description of the structures that support these endeavors, this document articulates the central values and expectations that guide the University of Notre Dame's participation in intercollegiate athletics.

## PRESIDENTIAL CONTROL

Notre Dame adheres to the principle of presidential control over intercollegiate athletics. The director of athletics reports to the president, who exercises ultimate responsibility for the conduct of the University's intercollegiate athletics program. The Faculty Board on Athletics serves as the principal advisory group to the president on educational issues related to intercollegiate athletics. The chair of the Faculty Board on Athletics also serves as the NCAA-mandated faculty athletics representative.

## Basic Principles

1. The Faculty Board on Athletics nurtures Notre Dame's commitment to academic integrity within the athletics program, strives to ensure that the University's athletics program operates in consonance with Notre Dame's educational mission, and actively promotes the welfare and educational success of the University's student-athletes. The Board also functions as a formal liaison between the faculty and the athletics department.

In carrying out its charge, the Board reviews policies, procedures and practices that affect the educational experience of student-athletes and advises the president of its findings and deliberations. The Board systematically ascertains the views and concerns of student-athletes. The Board reviews data on admissions of student-athletes and on their academic performance, progress towards degrees, and graduation rates. The Board assesses the effectiveness of institutional support for student-athletes. In addition, the Board sets guidelines for the approval of all student petitions for a fifth year of eligibility

for athletics and votes on each such petition. The Board establishes guidelines for all intercollegiate athletics schedules and qualifications for captaincy of all University teams, and it votes on all proposed schedules and captaincy nominations. The Board also assesses and revises procedures for resolving prospective conflicts between final examinations and post-season championship events.

In its role as a liaison to the broader faculty, the Faculty Board disseminates appropriate, non-confidential information and initiates discussions on educational issues regarding intercollegiate athletics and the related concerns of the faculty and administration.

2. The faculty athletics representative champions academic integrity, promotes the welfare of student-athletes, and helps ensure institutional control of intercollegiate athletics. More specifically, the faculty athletics representative works with the president and the director of athletics to maintain appropriate University oversight of intercollegiate athletics; assists the president and director of athletics in determining institutional positions on proposed NCAA and conference legislation; serves on search committees for senior athletics administrators and head coaches; oversees decisions regarding eligibility of student-athletes; remains visible and available to student-athletes; and actively participates in all investigations and reports of possible NCAA violations.

## ACADEMICS

Notre Dame dedicates itself to providing to all of its students an outstanding education. The University commits itself to developing in its students those disciplined habits of mind, body and spirit that characterize educated, skilled and free human beings. Notre Dame calls its students to pursue the wisdom of our culture and religious heritage and to experience the human family's diversity and interdependence. To accomplish these objectives, the University provides to its students, on an equitable basis, ongoing opportunities to cultivate their moral, intellectual and physical well-being.

## Basic Principles

1. Any student hoping to succeed at the University needs a significant level of ability and preparation. Therefore, the Office of Undergraduate Admissions will accept into the University only those student-athletes who demonstrate, on the basis of the best available academic and character-based information, the capacity to complete a degree at Notre Dame.

2. Even for individuals manifestly well suited for Notre Dame, the adjustments to the rigors of

academic and athletic life in a highly-competitive university present difficulties. The University recognizes its responsibility to provide appropriate assistance to enable student-athletes to meet the demands of both academic and athletic competition. To this end, the University affords its student-athletes suitable academic counsel and support, primarily under the auspices of the provost's office. Other sources of support, both academic and personal, include the faculty, academic advisors, the residence-hall staff, coaches, athletics administrators and the Student Development Program.

3. The University strives to schedule practices and competitions so as to minimize conflicts with class periods and other academic assignments of student-athletes. In this regard, the rhythm of the academic year and the particular importance of final examinations warrant special attention. All playing schedules remain subject to the approval of the Faculty Board on Athletics.

4. Notre Dame expects its student-athletes to maintain the appropriate sequence and number of courses and the grade-point-average necessary to complete a degree within the usual time (normally four years), including summer classes when appropriate. Any exception to this policy remains subject to the approval of the Faculty Board on Athletics.

#### STUDENT LIFE

Like other students, student-athletes should have the opportunity to pursue fully the University's academic, cultural and spiritual resources. The University holds student-athletes not only to the same standard of conduct that applies to other students, but also to that higher level of behavior appropriate to their visibility.

#### Basic Principles

1. Student-athletes must comply with all University rules and guidelines, including those set out in both the student handbook, du Lac, and in the Student-Athlete Handbook. The Office of Residence Life and Housing enforces the University-wide rules according to procedures applicable to all student disciplinary matters.

2. The University strives to integrate student-athletes into the student body so that all students may take full advantage of the educational and other opportunities afforded by campus and hall life. Given the centrality of residential life to the University's mission, student-athletes normally live in residence halls; exceptions to this policy remain subject to the approval of the Faculty Board on Athletics. Moreover, Notre Dame provides no separate residence halls or sections of residence halls for student-athletes.

3. The University lists among its primary concerns the physical and mental health of all members of the Notre Dame community. Because of the dangers inherent in athletic competition, the prevention of injuries and the provision of medical care for student-athletes demand particular concern and deserve constant attention. The appropriate sports-medicine and athletics-training personnel alone determine whether injury or illness precludes a student-athlete from practicing or competing.

4. Because of the harm that illicit drug use causes and the pressure on student-athletes to use performance-enhancing drugs, drug-related education and counseling require particular emphasis. As a preventive measure, all student-athletes remain subject to regular, random, and unannounced drug testing according to the University's established drug-testing protocol. University Health Services decides the timing of drug tests, determines whom to test and administers the tests. The drug-testing protocol prescribes the treatment of test results and the consequences of a positive test.

5. Notre Dame regularly provides chaplains for athletics teams. Chaplains' duties include pastoral care and liturgical services for student-athletes, coaches and staff.

#### COACHING STAFFS

The University strives to maintain a staff of coaches who represent the best in athletic instruction, who possess the ability to motivate and inspire, and who take responsibility for the full development of the student-athletes within their charge as students, athletes and persons. Coaches, who after all are primarily teachers, share with members of the faculty and other University

personnel the obligation to educate, train and otherwise assist in the formation of students entrusted to them. Furthermore, Notre Dame recognizes the important role each coach plays in the University's overall educational mission and makes this aspect an important part of both the coach's position description and periodic evaluation. Because of the public nature of their work, coaches represent Notre Dame in a highly-visible manner. Their words and actions should therefore reflect the University's values and principles.

#### Basic Principles

1. Notre Dame expects the personal and professional lives of its coaches to reflect highest standards of behavior. Coaches' actions must demonstrate that athletic success may not jeopardize institutional or personal integrity or student-athlete welfare.

2. Notre Dame expects its coaches to appreciate the primacy of academic life at Notre Dame and to emphasize that primacy during the recruitment and education of student-athletes and their participation in intercollegiate athletics.

3. Notre Dame requires its coaches to adhere to the policies and procedures of the University, its conferences and the NCAA. To that end, Notre Dame provides a comprehensive orientation to new coaches and suitable continuing education to other coaches. The University treats seriously all violations of University, conference or NCAA standards and reports such violations according to the applicable conference or NCAA procedures.

#### ADMINISTRATION OF THE DEPARTMENT OF ATHLETICS

The Director of Athletics and the other administrators in the department of athletics supervise all activities of the athletics program at the University. All aspects of the program must accord with the principles of justice and fairness. In addition, Notre Dame expects the personal and professional lives of its athletics administrators to reflect the highest standards of behavior. Athletics administrators also must adhere to the policies and procedures of the University, its conferences and the NCAA. The University treats all violations of such policies and procedures seriously.

#### Basic Principles

1. The University maintains full and direct control of the financial operations of the athletics department, including all revenues. The operating budget and the ongoing financial activities of the athletics department remain subject to the same approval process as all other units of the University.

2. Historically, Notre Dame's athletics program has generated funds sufficient to cover its expenses, as well as to provide funds for the University's general operating budget. The generation of revenue must always take into consideration Notre Dame's integrity and priorities.

3. The University commits itself to the principle of racial, ethnic and gender diversity in the composition of its coaching and administrative staffs. Notre Dame will make every reasonable effort to promote this commitment as positions are created or vacated.

4. Consistent with its overall academic mission and program, its financial resources and the athletic interests of its student body, the University will provide a full and stable athletics program for both sexes. Notre Dame embraces the principle of gender equity and will continue to monitor its

intercollegiate programs in accord with this principle.

5. In considering conference affiliations, the University will assess the extent to which the other institutions involved share Notre Dame's educational philosophies and goals, as well as its commitment to integrity in intercollegiate athletics.

#### CONCLUSION

Notre Dame endeavors to maintain a highly-competitive athletics program consistent with its tradition, heritage and overall mission as a Catholic university. It will attempt to excel in intercollegiate athletics, but always in conformity with its primary role as an educator and moral guide. Notre Dame will conduct its intercollegiate athletics program so as to support the University's commitment to education, as well as the letter and spirit of the policies and procedures of the University, its conferences and the NCAA.

# Noteworthy Alumni

Many observers often are surprised to discover that Notre Dame's total enrollment encompasses fewer than 12,000 students per year (roughly 8,300 of them undergrads). That surprise is due in part to the University's national appeal, but it also is due to the many noteworthy Notre Dame alumni who have gone on to distinguish themselves in a wide variety of fields.

Listings on this page are simply a sampling of the many noteworthy individuals who have spent their formative years in academia at Notre Dame. A more detailed list can be found at [www.nd.edu](http://www.nd.edu) (follow the alumni link), and some additional noteworthy alums are included on the athletic heritage page later in this section.

## Alumni Organizations

The Notre Dame Alumni Association was established in 1868, some 26 years after the University's founding. Father Neal Gillespie, C.S.C., was elected the first president of the Notre Dame Alumni Association, then comprised of just a few hundred graduates — while the current membership reaches nearly 110,000.

**Leadership** — Several Alumni Association staff are former Notre Dame student-athletes, led by executive director Chuck Lennon (a catcher with the Irish baseball team in the early 1960s) and another former Irish baseball player, Scott Siler ('82), who serves as the Association's director of information technology.

**Membership** — Any person who holds a Notre Dame undergraduate or graduate degree and any who

has matriculated at the University and is approved for membership by the Alumni Board shall be a regular member of the Alumni Association.

**Alumni Clubs** — An alumni club is one of the most viable channels through which the University is perceived by local communities. The Alumni Association helps coordinate activities of 217 domestic alumni clubs and 63 international chapters.

**Reunion Weekend** — Traditionally held the first weekend in June, the Alumni Reunion is the largest campus program sponsored by the Alumni Association. Each five-year class is invited to participate. The program offers exciting and rewarding events for some 3,000 alumni and their spouses.

**Notre Dame Magazine** — This quarterly publication is sent to all alumni as well as to parents of current Notre Dame students. News items that are contributed by class officers are featured in the section entitled, "The Classes."

**The Alumni Newsletter** — This publication is distributed three times a year and highlights people, programs and events that are related to the Alumni Association, including local alumni activities.

**Visitors Center** — The Eck Visitors Center, located on the south end of campus (next to the Hammes Bookstore), offers a meeting and resting place for visitors to Notre Dame, in addition to providing a summary of the University's history. Display cases line the walls, featuring University information and artifacts. A lighted aerial map gives a visual overview of campus and interactive kiosks allow visitors to take a virtual tour of the campus.

A number of sculptures are on display at the Visitors Center, including the work of the late world-renowned artist and Notre Dame professor Ivan Mestrovic. An auditorium offers a DVD movie that chronicles Notre Dame's tradition and excellence in academics and athletics and its commitment to spirituality.

## Notre Dame Monogram Club: "Bridging the Gap Between Legend and Legacy"

The Notre Dame Monogram Club is comprised of nearly 7,000 individuals who have earned the University's varsity athletic insignia for their athletic or team-support endeavors or who have been honorary-monogram recipients. The club supports the primary goal of the University: the spiritual, intellectual and physical development of its students and alumni. By providing its members the opportunity to foster and maintain relationships across different sports, generations and geographical locations, the Monogram Club aspires to contribute — through the common bond of sport — to the social and professional enrichment of its members while providing a means for ongoing association with the University. As an integral part of the Notre Dame family, the Monogram Club endeavors to uphold and enrich the great tradition of Notre Dame athletics.

One of the organization's primary functions continues to be providing need-based aid to children of Monogram Club members to attend Notre Dame, through the Brennan-Boland-Riehle ("BBR") Scholarship Fund. The fund is named in honor of Joe Boland, Rev. Thomas Brennan, C.S.C., and Rev. James Riehle, C.S.C. Monogram Club members donate to the fund, and the University handles the principal funds, with interest providing scholarship money. The fund has grown to approximately \$5.8 million, making it one of Notre Dame's largest endowments.

Since the fund's inception in 1980, there have been 209 BBR Scholarship recipients — including 63 sons and daughters of Monogram Club members who attended Notre Dame in 2006-07 — whose combined scholarship allocations are more than \$2 million (\$215,000 in '06-'07 alone).

In 1976, at a meeting called by 1949 Heisman Trophy winner Leon Hart, the Monogram Club developed its bylaws, recommending that its purpose was to foster all the principles of the University in its academic, athletic, religious and social endeavors along with promoting camaraderie between former athletes and alumni.

During the Monogram Club presidency of Harvey Foster in 1981, he recommended that an endowment fund be started for the express purpose of aiding the University in continuing non-revenue sports. During the next 15 months, nearly \$8 million was pledged and paid into the endowment fund. Endowment contributions still are accepted but more recently the Monogram Club's efforts have been directed to increasing the Brennan-Boland-Riehle Fund.

In 1984, during the presidency of Jim Lynch, the club received permission to construct a Sports Heritage Hall in the concourse of the Joyce Center. The first phase was to provide a ring of gold which names each monogram winner, alphabetically by decade, with those plans reaching fruition in 1987 when some 4,300 names were placed in gold letters on the oak panels. Nearly 1,700 names later were added in 2001, honoring monogram winners from the 1990s.

The second phase of the Heritage Hall involved building display cases showing various pieces of memorabilia, pictures of individuals and teams, trophies of various awards and other interesting objects detailing the history of Notre Dame athletics.

The Monogram Club's ever-growing list of events and projects included the following activities during 2006-07:

- A second \$1 million allocation that will help support the *Spirit of Notre Dame* capital campaign (the Monogram Club donation will be used to support the athletics priorities of the campaign); a previous \$1 million donation has been used towards the ongoing Notre Dame Stadium enhancement project — which features an elaborate series of banners and displays that commemorate Notre Dame's rich tradition in college football

- Continuation of the Catastrophic Relief Fund to help former Notre Dame monogram winners faced with catastrophic problems of health and/or financial hardship; as part of the Monogram Club's "Athletes Helping Athletes" pledge, nearly \$575,000 had been raised for this special fund

- Pledged support and spearheaded the organizational efforts for the 35th anniversary of women's athletics at Notre Dame, which was celebrated throughout 2006-07 and included a weekend celebration attended by more than 100 former Notre Dame female student-athletes

- Continued sponsorship of student-athletes who participate in various domestic and international summer-service projects, as coordinated by Notre Dame's Center for Social Concerns; former Irish hockey player and recent Monogram Club board member Dave Bossy has made a 10-year commitment (\$10,000 per year) to help fund sponsorship of student-athletes who participate in the Summer Service Program

- Funding aid for the Notre Dame women's lacrosse team's foreign playing tour of England and Ireland

- Continuing financial assistance (\$110,000 in '06-'07) to programs benefiting current student-athletes, via the student welfare initiative (in conjunction with the athletic department's student welfare/life skills programs)

- An ever-expanding student-athlete outreach and education program that includes continued sponsorship of the "OSCARS" all-sports banquet (with specific funding for the popular all-sports highlight video), an informative brochure targeted to student-athletes and continued sponsorship of the varsity monogram awards program (letter jackets, blazers, blankets, rings, and watches)

- The continuing program of providing laptop computers to the Academic Services for Student-Athletes, with student-athletes able to check out these computers during official team travel.

- Ongoing funding and presentation of BIG EAST-championship rings and NCAA-participation awards for Notre Dame teams and individuals

- The second year of the Sports Liaison Program, which pairs board members with current Irish teams to foster a beneficial two-way relationship

Other recent Monogram Club projects have included:

- A joint effort with the network of local Notre Dame alumni clubs, providing various team hosting events (such as receptions and cultural events) for Notre Dame teams as they travel throughout the country

- A series of football-weekend receptions for Monogram Club members and their guests, typically held in the Joyce Center prior to each home football game (the final home game also traditionally includes a unique thrill for all former mono-

gram winners in attendance, who form the pregame tunnel as the Irish team takes the field)

- Continuing an expanded sponsorship of the annual Blue-Gold Football Alumni Weekend that includes the alumni flag-football game and an interactive Friday-night dinner (attended by nearly 750) with the program's current players and coaches

- The organization of several popular events, including the fifth annual Football Fantasy Camp (which has raised a five-year total of more than \$200,000 for the BBR Scholarship Fund), the annual Monogram Club golf outing (held during reunion weekend) and V.I.P. football weekend auctions

- Expanded offerings and unique website content at [www.ndmonogramclub.com](http://www.ndmonogramclub.com) (also linked via [und.com](http://und.com)), as part of an ever-increasing list of member benefits

- And the traditional awarding of honorary monograms — presented to those who have demonstrated exceptional service to Notre Dame — in conjunction with the announcement of the Moose Krause Distinguished Service Award

The Monogram Club of today is comprised of some 4,300 dues-paying members who are awarded the block ND. Yearly dues entitle members to a variety of benefits: annual golf outing and dinner; membership card; the Inside Irish publication, with first-class mailing (plus e-mail and web options); members' children eligible for Brennan-Boland-Riehle scholarship at Notre Dame; and ticket applications for home football games. The Club's annual golf outing, mass for deceased members, dinner and meeting is held in early June prior to the Notre Dame Alumni Reunion Weekend.

Assistant athletics director Jim Fraleigh has served as the Monogram Club's executive director since the fall of 2004 while the current president is former basketball player Marc Kelly. The first vice-president is former Academic All-America football player Joe Restic, with former baseball player Dick Nussbaum recently joining the officer rotation as second vice-president. Former volleyball player Julie Pierson Doyle served as the Monogram Club's first female president from 2005-07.

*The Notre Dame athletic training staff has access to two whirlpool rehabilitation stations in the Guglielmino Athletics Complex.*

From the days of Knute Rockne, when Eugene “Scrap Iron” Young first began providing care to student-athletes, the Notre Dame athletic training department has evolved into a fully-staffed sports medicine team with three state-of-the-art facilities. The 2006-07 academic year was a time of key growth and expansion for Notre Dame’s athletic training operation, in keeping up with the changing demands of college athletics. The sports medicine department added two new full-time staff positions while moving into its new primary locale at the Guglielmino Sports Complex.

Head athletic trainer and physical therapist Jim Russ now oversees a staff of three associate and eight assistant athletic trainers, plus two physical therapist/athletic trainers. The staff of 14 is responsible for the care and treatment of more than 750 Notre Dame student-athletes. The entire sports medicine staff is certified by the National Athletic Trainers Association and boasts nearly 200 years of collective experience.

Each staff member is responsible for the health care of at least two of Notre Dame’s varsity athletic teams. Duties in that role include evaluating and assessing athletic injuries, administering first-aid, making medical referrals, establishing treatment and rehabilitation of athletic injuries and educating student-athletes on nutrition and injury prevention.

The foundation of the Notre Dame Sports Medicine Department falls under the direct supervision of several sports medicine physicians. This group now includes three university primary-care doctors – Notre Dame directors of sports medicine Dr. Jim Moriarity, Dr. Rich Jacobs and Dr. Becky Moskwinski – along with six orthopaedic surgeons: Dr. Willard Yergler, Dr. David Bankoff, Dr. Fred Ferlic, Dr. Robert Clemency, Dr. Michael Yergler and Dr. Chris Balint. A variety of medical consultants are available for specific needs, ranging from cardiology to dermatology, while the sports medicine department also is supplemented by 17 undergraduate student athletic trainers.

Notre Dame student-athletes have access to three state-of-the-art sports medicine facilities, in addition to the 24-hour University Health Center. The original athletic training room is located in the Joyce Center and Notre Dame Stadium is home to the 3,300 square-foot athletic training room – while the newest sports area is located in the new Guglielmino Athletics Center. This sports medicine area opened in the fall of 2005 and encompasses more than 8,500 square-feet of cutting-edge sports medicine technology.

Through these facilities, all student-athletes have access to the most modern sports medicine, providing the latest in diagnostic procedures, treatment and rehabilitation of athletic injuries. The various athletic training facilities include the latest in physical therapy modalities and rehabilitation equipment, with two 3,500-gallon therapy pools, a full x-ray unit and an MRI machine making up the majority of the department’s diagnostic equipment.

The sports medicine team of athletic trainers and team physicians is committed to providing the most comprehensive and safest health care possible. Evaluations, treatments and rehabilitation are established for each individual, with the goal of returning the student-athletes to competitive status in the safest and quickest manner possible.

The Notre Dame strength and conditioning program is designed to provide each student-athlete with the most productive, effective and efficient means of sport-specific physical training. Led by director of strength and conditioning Ruben Mendoza, the Irish strength and conditioning staff has a simple philosophy that combines a “no nonsense” approach with an “old school” attitude.

The staff offers a well-balanced, well-rounded program by incorporating a variety of training methods from conjugate training to Olympic style movements. Everything the staff does is geared toward developing speed, power and strength.

The staff wants to teach Notre Dame student-athletes work ethic, discipline and pride with a relentless attitude to strive for, and win, championships.

When entering the 25,000-square foot Haggar Fitness Complex (shared by the Loftus Sports Center and the Guglielmino Athletics Complex), student-athletes are quickly reminded of the “roll up your sleeves” and “get to work” mentality that Mendoza and his staff inspires.

The Haggar Fitness Complex features 25,000 square feet of workout space with a three-lane speed development track (40 yards in length), a state-of-the-art sound system with 28 speakers and four sub woofers, six giant plasma screen televisions, a 45 x 18 yard Prestige Turf plyometric agility area and a Gatorade hydration station.

The Notre Dame strength and conditioning staff – eight full-time coaches and an intern coach – includes: director of strength and conditioning Ruben Mendoza, associate director Tony Rolinski, assistants Mike Joseph, Rick Perry, Elise Angeles and James Seacord, speed/skill development coach Shaun Gaunt, and a nutritionist. The staff provides a large enough group to meet the student-athlete needs while developing an environment where student-athletes want to come in order to get better and achieve athletic success.

*One of the eye-catching features of the Haggar Fitness Complex, a 25,000 square-foot facility shared by the Guglielmino Athletics Complex and the Loftus Center, is the inclusion of two variable weight sleds that were installed in the summer of 2005.*

# NACDA Directors' Cup

## DIRECTORS' CUP STANDINGS

For the ninth straight year in 2006-07, Notre Dame posted a top-25 finish (22nd) in the 2005-06 United States Sports Academy Division I Directors' Cup all-sports competition sponsored by the National Association of Collegiate Directors of Athletics (formerly known as Sears Directors' Cup).

Notre Dame is among 16 schools to earn a top-25 finish in each of the past nine years (1999-2007), as Irish programs finished 25th in '99, 21st in 2000, 11th in '01, 13th in '02 and '03, 19th in '04, 16th in '05 and 6th in '06. The other schools with that distinction include six from the Pacific-10 Conference (Stanford, UCLA, California, Arizona State, Arizona and USC), four from the Big Ten (Ohio State, Michigan, Minnesota and Penn State) and three from the Southeastern Conference (Florida, Georgia and LSU), plus Texas (Big-12) and North Carolina (Atlantic Coast Conference).

## FALL

The 2006 fall NCAA Competition earned the Irish 279 points in the 2006-07 Directors' Cup standings, based on an NCAA runner-up finish in women's soccer (90 points), a best-ever quarter-finalist appearances in men's soccer (73), a 19th-place finish in men's cross country (36), a first-round appearance in volleyball (25) and a final ranking of 19th in the *USA Today* football poll (55). Notre Dame finished the fall season in 10th place of the Directors' Cup standings.

## WINTER

In winter sports, Notre Dame netted 267 points – more than doubling its points total from the 2005-06 winter season (125.5), led by a fourth-place finish in the NCAA men's and women's combined fencing championship (80 points). Six other Notre Dame winter sports teams scored points in the 2006-07 Directors' Cup standings, including 60 for Notre Dame's

appearance as an NCAA regional finalist (final eight) in men's ice hockey, 50 for a second-round appearance in women's basketball (final 32) and 47 for a 27th-place finish in women's swimming and diving, plus 25 for a first-round appearance in men's basketball, and five for a 65th-place finish in men's indoor track and field.

## SPRING

The 2007 spring sports season saw Notre Dame earn 243.5 points, led by a second straight NCAA quarterfinalist finish in women's tennis (73 points) and a trip to the round-of-16 in men's tennis (64), with other points coming a 41st-place finish in women's outdoor track and field (31), a first-round appearance/final-16 in men's lacrosse (25), a regional appearance in softball (final-48; 25 pts), 55th place in men's outdoor track and field (15.5) and a 12th-place finish in women's rowing (10).

## HISTORICAL PERFORMANCE

In previous years in which the Directors' Cup competition has been held, Notre Dame has finished 11th in 1993-94, 30th in '95, 12th in '96, 14th in '97, 31st in '98, 25th in '99, 21st in 2000, 11th in '01, 13th in '02 and again in '03, 19th in '04, 16th in '05 and most recently sixth for 2005-06.

All but one of Notre Dame's 26 varsity sports have scored points for the Irish in the NACDA Cup. Teams leading the way have included the men's and women's fencing programs, which have used 13 consecutive top-four finishes at the NAAs to contribute 886 points since fencing was added to the NACDA Cup in 1995-96. Women's soccer has contributed 914.5 points, highlighted by eight national semifinal appearances and a pair of titles ('95, '04). It also stands as one of two teams – along with women's volleyball – to have scored points in the NACDA Cup all 14 years. Eleven of Notre Dame's sports have contributed points on 10 or more occasions while 16 have scored in at least half (7) of the NACDA Cup competitions.

The Directors' Cup competition honors institutions for maintaining athletic programs that seek to achieve success in many sports, both men's and women's. Begun in 1993-94 for Division I by NACDA and *USA Today*, the program was expanded in 1995-96 to include Divisions II, III, and the NAIA. The scoring format – which has undergone yearly minor adjustments – awards the overall champion to institutions that records the highest number of points in their division's Directors' Cup standings.

Notre Dame placed 22nd in the 2006-07 NACDA Directors' Cup competition, marking its ninth straight top-25 finish in the annual all-sports rankings.

The Notre Dame hockey team won its first-ever CCHA regular-season and postseason tournament titles during 2006-07. The Irish (32-7-3) were ranked number one in the country for seven straight weeks from Feb. 5 through March 23.

**BEST OF BOTH WORLDS** – The Notre Dame athletics department continues to emerge as one of the highest-rated in the nation ... a 2006 report by the National Collegiate Scouting Association listed Notre Dame third (behind Duke and Stanford) in Division I-A rankings for schools with the top combination of academics and athletics, based on student-athlete graduation rates, the *U.S. News and World Report* rankings (academic) and the annual Directors' Cup all-sports standings.

**A SPORT-MINDED CAMPUS** – A *Sports Illustrated* feature on "America's Top Jock Schools" crowned UCLA No. 1, with Notre Dame a close runner-up ... the profile cited the Bengal Bouts campus-wide boxing tournament that benefits the Holy Cross Mission, Bookstore Basketball (the world's largest five-on-five basketball tournament) and intramural football in full pads (with the title game in Notre Dame Stadium) – plus the fact that 75 percent of Notre Dame undergrads lettered in high-school sports.

**ACADEMIC EXCELLENCE** – The success of Notre Dame athletics extends to the classroom:

- All 26 athletics programs at Notre Dame in 2004-05, '05-'06 and '06-'07 exceeded the NCAA's academic performance standard that was introduced in 2005, with nine Irish teams in 2006-07 scoring a perfect 1,000 (second-most from any Division I-A school) ... the Academic Progress Rate (APR) uses a series of formulas related to student-athlete retention and eligibility.

- In the traditional federal-mandated format of the NCAA graduation-rate report, Notre Dame ranked second nationally in the survey covering student-athletes who enrolled between '96-'99, based on the raw percentage of those who entered and graduated within six years (those who left or transferred were considered non-graduates) ... similarly, Notre Dame's 89% graduation rate in that study ranked second among all of Division I-A schools (also first with 87% graduation rate for male student-athletes and second with 94% for female student-athletes).

- Among student-athletes who completed all four years of athletic eligibility at Notre Dame from among those entering over a 10-year period from 1989-90 through 1999-2000, virtually 100 percent (623 of 627; 99.4%) earned their degrees.

- Another new graduation-rate survey – the GSR (Graduation Success Rate) – ranks Notre Dame second among Division I-A schools with a 98% GSR score (Navy is first on that list). The GSR was created to more accurately reflect graduation rates by factoring in transfer data. Notre Dame also was second in the latest male GSR rankings (97%, behind Navy) and fourth for female student-athletes (99%, behind Vanderbilt, Northwestern and Navy).

- Notre Dame student-athletes combined to post a 4.0 semester GPA 23 times in the 2006 spring and fall semesters ... those of note who posted 4.0s in 2006 included: baseball shortstop Brett Lilley, high jumper Stacey Cowan, soccer player Ashley Jones, sprinter Maryann Erigha, lacrosse players Mary Carpenter (both semesters) and Meghan Murphy, distance runner Sunni Olding (both terms), softball outfielder Beth Northway, rower Shannon Cassel and football receiver Rob Woods.

**SPANNING THE GLOBE** – Similar to the composition of the Notre Dame student body, the 26 current varsity teams include student-athletes from nearly every state ... a recent sampling of Notre Dame's 2004-05 varsity rosters included some 700 student-athletes who hailed from 44 states (all but Hawaii, Maine, Mississippi, Utah, West Virginia and Wyoming), plus six Canadian provinces and 19 other foreign countries: Austria, Cayman Islands, Colombia, Czech Republic, El Salvador, England, Finland, Germany, Guatemala, Hong Kong, Iceland, Ireland, Jamaica, Korea, Luxembourg, Mexico, Poland, Singapore and South Africa.

## A TRADITION OF SUCCESS

- Notre Dame has claimed 25 NCAA team titles: 11 in football ('24, '29, '30, '43, '46, '47, '49, '66, '73, '77, '88), seven in fencing (men in '77, '78 and '86, women in '87, combined

\* Individuals noted by asterisks were Notre Dame student-athletes, primarily in the same sport with which they now are affiliated (Hawkins played basketball; Golic, Smith, Orsini and Williams were football players; Karr played hockey; Bobinski and Chryst were baseball players).

in '94, '03, '05), two in women's soccer ('95, '04) and men's tennis ('44, '59), and one each in men's golf ('44), men's cross country ('57) and women's basketball ('01) ... the 2004-05 academic year saw Notre Dame win two NCAA titles (women's soccer and combined fencing) for the third time in the athletics department's history (also men's golf and men's tennis in 1943-44, plus football and men's fencing in 1977-78).

- Notre Dame's 12-year domination as a member of the BIG EAST Conference includes winning an unprecedented 13 official BIG EAST championships (based on tournament finish or regular-season standings) in 2005-06, besting the 10 titles won by the Irish in 2004-05 as the most ever by one school in a single academic year ... Notre Dame's BIG EAST titles in '05-'06 included five men's sports (cross country, swimming and diving, golf, outdoor track and field, and baseball) plus women's soccer, vol-

leyball, cross country, swimming and diving, indoor track and field, softball, rowing and tennis. A total of 16 Notre Dame teams (out of 21) finished first or second in 2004-05 BIG EAST play – with men's tennis, women's lacrosse and women's outdoor track and field nearly winning BIG EAST titles before finishing in second place.

- Notre Dame's total of nearly 1,000 All-Americans includes 26 who have been four-year All-Americans and 50 who have coupled All-America and Academic All-America honors in the same season. The 2005-06 year saw an all-time high of five different Notre Dame student-athletes earn both All-America and Academic All-America honors while three Notre Dame student-athletes received prestigious NCAA postgraduate scholarships in 2006-07. It was just the third time – and first since the mid-1970s – that Notre Dame has produced three NCAA postgraduate scholarship recipients in the same academic year.

# BIG EAST Conference

The BIG EAST Conference in 2006-07 enters its third academic year as a 16-member conference. While many outside the league were curious and sometimes skeptical of the long-term prospects of the largest Division I-A conference, the student-athletes concentrated on their tasks at hand and continued the league's proud tradition of success.

BIG EAST teams earned plenty of recognition at the highest levels in 2006-07. In basketball, the Georgetown men's team and the Rutgers women's team each advanced to their respective Final Fours, with Rutgers playing in the national championship game.

The 2006 football season was the best in BIG EAST history. Louisville, West Virginia and Rutgers all finished in the top 12 in the final national polls. The BIG EAST posted a 5-0 bowl record and won the ESPN Bowl Challenge Cup.

On the diamond, the Louisville baseball team played its way to the College World Series while the DePaul softball team also participated in the College World Series. The Notre Dame women's soccer team advanced to the NCAA title game and the Connecticut field hockey team made it to the NCAA semifinals.

The BIG EAST swept the men's and women's M.A.C. Hermann Trophy, the top individual award in soccer. The winners were Joseph Lapira and Kerri Hanks, both of Notre Dame (the first school ever to receive both Hermann awards in the same season).

The goals of the BIG EAST have never changed – as the league aims and expects to compete at the highest level and does so with integrity and sportsmanship.

The BIG EAST became the nation's largest Division I-A group in 2005-06, when five new members began competing. The new schools were Cincinnati, DePaul, Louisville, Marquette and South Florida.

BIG EAST institutions reside in nine of the nation's top 35 largest media markets, including New York, Chicago, Philadelphia, Washington, D.C., Tampa, Pittsburgh, Hartford, Milwaukee and Cincinnati. With its newest members, BIG EAST markets contain almost one-fourth of all television households in the United States.

Since opening its doors in 1979, the league's teams have won 25 national championships in six different sports and 124 BIG EAST student-athletes have won individual national titles.

The BIG EAST always has been able to boast that some of its best students are also some of its best athletes. More than 350 BIG EAST student-athletes have

earned Academic All-America honors. Rutgers football player Brian Leonard received the 2006 Draddy Award, known as the academic Heisman, while Rhema Fuller of Connecticut and Jay Henry of West Virginia were named national scholar-athlete award winners by the National Football Foundation.

Louisville field hockey standout Jessica Javelet, the 2006 BIG EAST offensive player of the year, was named first team Academic All-America. The Louisville team, which earned a berth in the NCAA Championship, was recognized by the National Field Hockey Coaches Association for owning the highest team GPA in the nation for a second straight year.

## BIG EAST CONFERENCE

The BIG EAST has continued its basketball success in the 21st century. In 2003-04, Connecticut became the first school in NCAA history to win the men's and women's NCAA titles in the same season. In 2002-03, the BIG EAST became the first conference in NCAA history to win the men's and women's titles in the same year when the Syracuse men and the Connecticut women took home the NCAA crowns. In men's basketball, BIG EAST squads have won three of the past nine NCAA championships. BIG EAST women's teams have taken five of the past eight NCAA titles.

Proactive movement has been a signature strategy for the conference that was born in 1979. The BIG EAST continually turns challenges into opportunities to become stronger.

In the spring of 2001, the BIG EAST added women's lacrosse and rowing to its growing list of sports. The first women's golf championship was held in the spring of 2003.

The BIG EAST became a reality on May 31, 1979, following a meeting of athletics directors from Providence, St. John's, Georgetown and Syracuse. Seton Hall, Connecticut and Boston College completed the original seven-school alliance.

While the membership has both increased and changed, the focus of the BIG EAST has not wavered. The conference reflects a tradition of broad-based programs, led by administrators and coaches who place a constant emphasis on academic integrity. Its student-athletes own significantly high graduation rates and their record of scholastic achievement notably shows a balance between intercollegiate athletics and academics.

Any successful organization needs outstanding leadership. Michael Tranchese – the league's first full-time employee and for 11 years the associate to Dave Gavitt – became commissioner in 1990. In his first year, he administered the formation of the BIG EAST Football Conference.

The league has long been considered a leader in innovative concepts in promotion and publicity, particularly regarding television. Those efforts have resulted in unparalleled visibility for BIG EAST student-athletes. The conference has enjoyed longstanding relationships with CBS, ESPN, Inc., and ABC.

While BIG EAST basketball games are regular sellouts at campus and major public arenas (including the annual men's BIG EAST Championship in Madison Square Garden), attendance figures also are significant in soccer, women's basketball and baseball games.

More than 550 BIG EAST student-athletes have earned All-America recognition and dozens have won NCAA individual national championships. The BIG EAST has been well represented on U.S. and foreign national/Olympic teams. Several athletes with BIG EAST ties earned gold medals in each of the past five summer Olympiads.

The BIG EAST has its headquarters in Providence, where the conference administers to more than 5,500 athletes in 23 sports.
