

NOTRE DAME WOMEN'S

SOCCER

RESIDENTIAL ADVANCED SOCCER CAMP

JUNE 25-28, 2026 • OPEN TO AGES 10-18

Notre Dame Residential Advanced Soccer Camp is designed to challenge the elite player in a competitive environment. For those going into high school in the fall of 2026, the camp is designed for those wanting to pursue soccer in college. Campers will work with our Notre Dame coaching staff as well as other college coaches from around the country. Everyone will have the opportunity to train with different college coaches throughout camp and showcase their skills over a period of days where both the staff and player can get to know each other and learn what it takes to play at the next level.

Our younger campers will also have the opportunity to work with multiple coaches throughout camp while being split up by age/grade in order to challenge them accordingly. All campers will also have the opportunity to hear from and work with current members of the Notre Dame women's soccer team as well as other college players from around the area. These current college players will assist our coaches during training/games and will be around throughout camp to share their experiences on what it's like to play soccer in college. This not only allows campers the chance to be in the best soccer learning environment, but also the opportunity to meet, learn and get advice from some great women's soccer role models. All campers will receive an evaluation at the end of camp

Our Notre Dame coaching staff will head up a camp staff that includes many of the top college, high school and club coaches from around the country. Along with our Notre Dame women's soccer players, we also bring in the highest quality college players available to assist as camp counselors.
