Byron V. Kanaley Award

The most prestigious honor awarded to a Notre Dame student-athlete, the Byron V. Kanaley Award has been presented each year since 1927 to the senior monogram athletes who have been most exemplary as both students and leaders.

The awards, presented by the Faculty Board on Athletics, are named in honor of a 1904 Notre Dame graduate who was a member of the Irish baseball team as an undergraduate. Kanaley went on to a successful banking career in Chicago and served the University as a lay trustee from 1915 until his death in 1960.

Eight members of the Notre Dame men's swimming and diving team have received the award, including five since 2000.

- Thomas Bourke — 1968
- Bob Ebel — 1977
- Brian Casey — 1985
- Ray Fitzpatrick — 2000
- Matt Hedden — 2001
- Michael Koss — 2002
- Ted Brown — 2007
- John Lytle — 2010
- Dillon Edge — 2026

Notre Dame Men's Swimming & Diving

NATIONAL & INTERNATIONAL COMPETITION

Notre Dame swimmers have taken part in other major national and international meets over the years. Andrew MacKay was the first Irish swimmer to take part in the Olympics, hitting the water in the 2004 Olympic Games in Athens, Greece. MacKay, the first native of the Cayman Islands ever to qualify for the Olympics in swimming, took part in both the 200- and 400-meter individual medleys and broke his own national records in both events. In the 400-meter event, it took him just 0.59 seconds to get off the starting blocks at the commencement of the race, and that reaction time was the fastest of any non-backstroker (male or female) during the entire Athens Olympics. He moved up from his seeding in both races to finish 33rd in the 400 IM and 41st in the 200-meter version.

MacKenzie LeBlanc took the gold in the 200-meter butterfly at the Tri Nations Cup meet in Quebec City. The Vernon, B.C., native topped the podium after checking in with a time of 2:00.13. LeBlanc won one of Canada's six gold medals to open the two-day meet which featured the top prospects expected to challenge for spots on the 2012 Olympic teams for Canada, France and Great Britain. Hosted in Quebec City, this inaugural competition showcased Canada's 2012 Olympic potential hopefuls.

While MacKay is Notre Dame's first men's swimming Olympian, various other Irish student-athletes have taken part in high-profile national and international meets. Dan Szilier, a 2000 graduate, was the most accomplished of that group, as he finished ninth in the 200-meter breaststroke in the 1999 World University Games in Palma de Mallorca, Spain. Szilier qualified for that team by taking seventh at the 1998 USA Swimming Summer National Championships. In 1997, Szilier was tabbed Rookie of the Meet at the USA Swimming Spring National Championships, ending up third in the 200 breast and eighth in the 100 breast.

The 2000 U.S. Olympic Trials featured three Notre Dame swimmers: Szilier, Jonathan Pierce (1,500 free), and Ryan Verlin (200 fly). Szilier led the Irish contingent by finishing 29th in the 200 breast.

Chris Guiliano participated in the 2024 Olympics for the United States.

The Irish swimming and diving teams compete in the Rolfs Aquatic Center. After 27 years for the men's swimming team and four years of varsity intercollegiate swimming competition for the women's team in the Rockne Memorial Pool, the Notre Dame men's and women's swimming and diving programs entered a new era in 1985, as they moved to the \$4.5-million natatorium located in the Joyce Center.

Donated by brothers Thomas and Robert Rolfs of West Bend, Wis., the Rolfs Aquatic Center provides Notre Dame with a modern, innovative facility. Ellerbe Architects and Engineers of Bloomington, Minn., the architects used in the planning of the Joyce Center, also were commissioned to design the 45,000-square-foot facility which houses a 50-meter Olympic pool (25 yards in width), spectator seating for 400 and support facilities.

The facility features a video and replay board, and two movable bulkheads to allow sections of the pool to be blocked off, allowing swimming competition and warm-up swimming to occur simultane-

ously. The design also allows recreational swimming, water polo, instructional swimming and other aquatic activities. Diving is accommodated with two one-meter boards and two three-meter boards.

Support functions housed in the center of the facility just below the spectator seating include men's and women's locker rooms, men's and women's varsity locker rooms and men's and women's staff locker rooms. Offices for the Notre Dame swimming staff, aquatics directors and lifeguards are deckside and glass-fronted with a view of the pool.

Several deckside instructional areas are located around the pool and feature infrared heat lamps, designed to keep wet swimmers warm between events. The pool features a stainless steel racing gutter, which is designed to absorb the bow waves of a swimmer, allowing for faster swimming times.

Another instructional feature is the presence of two underwater windows, which allow critiquing of a diver's or swimmer's underwater technique. The unique structural system consists of three trusses, which span 120 feet with the roof suspended below the trusses. In addition, the white exterior trusses provide an interesting and athletic character to the building. The lighting system is designed to be adjusted from maximum brightness for television to nearly dark for dramatic synchronized swimming presentations.

The center was officially dedicated on Nov. 13, 1985.
